Please submit the DRAFT Zoning Board of Appeals bylaws to the Raymond Board of Selectmen for their review/revision/approval. The Board of Appeals has spent the last year working on the basic structure of this document keeping it brief while referring much of the functional directives to existing state statute. While the Board of Appeals has operated for years without bylaws it was decided that at this point in time it would be of benefit to have at set of procedural rules specific to the appeals process.

Thanks,

Peter Leavitt
