Town of Raymond Selectmen
40 Webbs Mills Road
Raymond, Maine 04071

December 20, 2013

Dear Chairman Sam Gifford, Selectmen Mike Reynolds, Joe Bruno, Lonnie Taylor, and Selectwoman Teresa Sadak:

As per the order of events stated in an August 7th letter from me to you, I have completed the timber marking on the Patricia Avenue forest property, shown the timber for sale to potential logging contractors, received five bids, and evaluated who I think is the winning bidder. A sixth bid was received after the 12/16/2013 four pm deadline. The sixth bid would have placed fourth.

It is my recommendation that the selectmen award the timber sale contract to Brown & Brown Trucking, 94 Country Club Road, Norway, Maine 04268. The timber sale will commence when the contractor signs the contract and pays the down payment and bond or deposit.

I have included the bids submitted by the six contractors for your review. Based on my review of the Brown & Brown bid, I believe the town of Raymond will receive an estimated gross stumpage amount of $55,000.00. Please remember this amount is an estimate and may vary due to market changes and timber quality.

Gregory E. Foster
