

Town of Raymond
Livestock Information Form

The Town Clerk's Office is establishing an updated list of farm animals and livestock in Raymond for Dispatch records so that when they get a call for a horse in the road, they have some knowledge of what animals are in that area and have contact information. This information will help Animal Control identify your animals and notify you if they are loose. This form and pictures labeled with the name of your animals can be submitted to Louise Lester, 401 Webbs Mills Road, Raymond, Maine 04071 or by e-mail at louise.lester@raymondmaine.org. Please provide updated information annually.
