Proposed Full-Day Kindergarten Program

By: Norma Richard

The Raymond School administration and the kindergarten staff have proposed a change in the current kindergarten program from a half-day to a full-day program next year. The space restrictions at Jordan-Small have prohibited any change in the past due to the lack of classroom space. The new Raymond Elementary School has four rooms dedicated to kindergarten and provides the necessary space for a full-day program. With Mrs. Bottoms moving to a kindergarten class from All Day K, the

three teachers needed to teach a full-day kindergarten are on staff.

Parents of current and incoming kindergarten children were surveyed last fall to determine their support for a full-day kindergarten. Nearly 80% of the parents responded to the survey, and 70% of those supported the move to a full-day program. The Jordan-Small School faculty also strongly favors this change as a way to provide a more comprehensive, and less rushed, program for its youngest children. The benefits of a full-day program include the following:

- An emphasis on gross motor and social development.
- For those parents preferring a half-day program, the option for children to be picked up after the morning instructional period.

tee recommended investigating a fourth teacher to reduce the class size from 20 children per class to an average of 15 children. A Title VI Class Size Reduction Grant of \$6500 would be used to fund this additional teacher, as would changes in the salary account due to a teacher retirement and a teacher resignation.

When the change was first proposed in October, there were approximately 50 children eligible to enter kindergarten in the fall of 2000. Currently there are 61 children registered for next fall. At their March 15 meeting, the School Commit-

The School Committee will take action on the proposed full-day kindergarten program at their May 3rd meeting.

A Kindergarten room in the Raymond Elementary School

- A consistent schedule and fewer transitions for kindergarten students due to busing and changing schedules in mid year.
- A developmentally appropriate program with the expectations of a kindergarten, not a first grade, and with the time to develop students' kindergarten exit skills and readiness for first grade.
- More quality time for individualized and group instruction in a more relaxed, less rushed environment.
- The same teacher for the full-day.
- Full-year participation in art, gym, music and computer.
- Literacy support for all students with a strong phonemic emphasis.
- Early support to meet the needs of at-risk children and more in-class time for students who require special services.

Principal's Corner

By: Norma Richard

I hope that you had the opportunity to attend the Academic Fair on April 26th. There was an amazing array of student work on display. I am so very proud of the efforts of our student and faculty, and was pleased with the quality of work that was selected to be shared with our community. We are now winding up for the end of the school year. Barring any additional storm days, our last day of school is Wednesday, June 14. Completion Ceremony is scheduled for Tuesday, June 13 at 7:00 PM.

Our elementary teachers are already planning for their move to the new

school. This means sorting through classroom materials and packing all books and supplies. We will be planning a community day to assist us with moving these materials. We hope that you will be able to help us with the move and share a community picnic at the end of the day. More information will be forthcoming as we get closer to the completion of the Raymond Elementary School.

This is a very busy time of the year for our students, and parents and school can work together to help them organize school work and activities. Managing your time is difficult for children as well as adults. I encourage students to use their agendas and RED folders to record

assignments and to set up a schedule that includes both homework, practices and games. Very often children do not organize their time, and then feel the stress and pressure of completing a week's worth of homework on the day of the big game.

In closing, I want to encourage all of our students to wear a properly fitted bike helmet whenever they are riding their bikes. They are required to wear a helmet if they ride their bikes to school. This is a personal issue for me as I have lost two friends in bike accidents where they did not wear a helmet. Please feel free to contact me directly if you would like information on purchasing bike helmets and other safety equipment.

Boating in Raymond - A Report on Surface Use

By: Connie Cross

Last summer the Raymond Waterways Protective Association with help from the Raymond Conservation Commission mailed to every Raymond taxpayer a Lake Use Survey. Two hundred and eighty (280) people responded; of these 33% were Raymond residents and 67% were non-residents. Ninety one percent (91%) of the respondents own lakeshore property. Clearly most of the Raymond residents who responded also live on the lakes.

The survey reminded respondents of the current surface use regulations, such as the water safety zone of 200 ft., no loud exhaust, and jet ski regulations which prohibit prolonged circling, wake jumping, and so on. Then respondents were asked if they favored more restrictive rules for their lake.

The results of the survey are as follows:
DO YOU FAVOR...

1. Increasing the water safety zone from 200 to ___ ft?

All respondents: 28% favor (300' was most frequently mentioned.)
Raymond residents: 32% favor

2. Placing on each lake a buoy(s) marking 200' (or ___ ft.) from shore as a reference point?

All respondents: 40% favor
Raymond residents: 51% favor

3. Prohibiting jet skis?

What's New at the Raymond Village Library

Nature Program for Children

Jocelyn Hubbell of the Maine Audubon Society will be presenting special programs for children at the Raymond Village Library on May 10th. The first program, "Animal Adaptations," will answer questions like, Where are an owl's ears, and why do some animals eyes seem to glow in the dark? This session is offered to grades K through 3 at 2:00 p.m. The second program for grades 2 through 6 is entitled "Endangered Species." This will identify threatened or endangered species in Maine and show the participants small but powerful ways to help promote species diversity. Each of these programs are limited to 25 students on a first come, first serve basis. Sign up is at the Raymond Village Library or call 655-4283 to have your name put on the list.

Story Time and Baby Time

The very popular story time is held at the library every Thursday at 9:30. The May theme is "The Great Outdoors/Adventures, including hiking, gardening, bugs, birds and sports. At the same time on Thursday, there is a Baby Time at the library, for infants on parents lap, with Finger Plan and rhythm songs. FMI call Sue Ann Gendron at 655-4463.

Bridge Lessons

Lessons for intermediate players beginning on May 1 at the library. There will be a fee of \$20. for 10 lessons. FMI call 655-4283.

New Hours at the Library

Beginning July 1 the library will be open more hours to serve our patrons.

Monday and Wednesday 2 pm to 8 pm

Thursday and Saturday 9 am to noon

Sunday 11 am to 6 pm

We hope this will give everyone an opportunity to use their library more.

Reading Group

The reading group will be reading any of the books written by Howard Frank Mosher and meeting at the library at 7 pm on May 25 for discussions. All are invited to read and attend. FMI please call Jane at 655-5354.

Important Dates

Please mark your calendars for the Annual Library Fair on July 8 at Jordan Small School and for the Book Sale beginning July 15 at the library. One of the fun tables

Raymond Boy Scout Troop 800 News

By: John Hanley

On Tuesday March 14th Order of the Arrow elections were held. Elected this year are Tim Curtis, Zeb Swick and Bill Yates. The Order of the Arrow is a brotherhood of Scout honor campers that originated in 1915 to strengthen troops and encourage outdoor experiences. Troop members are nominated and elected to membership by fellow scouts in their own troops. They must meet certain qualifications that are established by the Order of the Arrow. Each troop may hold an election once a year under the supervision of the local BSA Counsel's lodge. The Order of the Arrow provides broad-based leadership opportunities that strengthen personal development for individual scouts and maintain interest in the Scouting Program.

Webelos Crossover was held at Cub Scout Pack 800's March Pack Meeting. Welcome to the following Webelos who joined the Troop: Keegan Brown, Steven Clark, Andrew Jordan, Troy Knight, Stephen Odum, John Shively, Cody Stultz, Daniel Tracy and Jamie Wiley. In their first four troop meeting they have quickly enmeshed themselves into troop activities and kicked up the energy level a couple of notches. Other Webelos who crossed over but have not yet come to a Troop meeting are encouraged to join them.

The Chowder Supper fund-raiser held Saturday March 25th was a success. Thank you to everyone who came by to enjoy the wonderful chowders cooked up by Dean Gellison and Scoutmaster Jay Peterson. We had a great turnout of Scouts to handle setup, serving, cleanup and high spirits.

On Saturday April 8th the Troop lead by Scoutmaster Peterson traveled to the White Mountains in Stowe, Maine for rock mining. The scouts and the parents who provided transportation totaling twenty-eight collected a

large assortment of rock types including some amethyst. Several Park Rangers accompanied the Troop and were very informative about the region. Special thanks to Scoutmaster Peterson's brother Wayne for filling in at the last minute to help out with the Troop and transportation.

Planning the Labor Day Weekend hike up Mount Katahdin is ongoing within the Patrol Leaders Council and the Troop Committee. This event will take a lot of preparation and cooperation by everyone in the Troop to be successful. One can sense the anticipation mounting as arrangements are discussed. This is going to be the major event for the Troop this year. Also preparations are being made for the Spring Camporee to be held at Windsor Fairgrounds in May. More information to come, stay tuned.

Recent Scout accomplishments include the following Merit Badges: Jake Levinsky, Art, Auto Mechanics, Personal Fitness, Snow Sports and Cinematography; Tim Curtis, Citizenship in the Nation, and Personal Fitness; Alex LaChance, Citizenship in the Nation; Don McKay, Electronics; Christen Gordon, Family Life; Bryan Nason, Personal Fitness; Clint Randall, Personal Fitness; Sam Levinsky, Sports. The following Scouts attained rank advancements: Tim Curtis, Life; Christen Gordon, Tenderfoot; and the following new Troop members attained the rank of Scout; Keegan Brown, Steve Clark, Stephen Odum, John Shiveley and James Wiley.

To keep up to date on upcoming Troop 800 activities and events check out the Troop's webpages on the town website at www.raymondmaine.org which includes contact information and other things that the Scouts have been up to.

Garage Sale Season

It's getting close to GARAGE SALE SEASON. We have a place on the Raymond Town Website for your information. Send Garage Sale information to: kevin.woodbrey@raymondmaine.org

offered at the Fair is the plant table, where you can find indoor as well as outdoor plants to add variety and interest to your home and gardens at very reasonable prices.

Casco Senior Citizen's Meal Site

All Raymond Senior Citizens are invited to the bi-weekly lunches in the Casco Town Hall.

Meals are served on Mondays and Thursdays at 12:00 Noon. Come and enjoy the company of other seniors in the Raymond, Casco and Naples area.

Please call 627-4900 for reservations. Meal charge is \$3.00.

Raymond Recreation News

Board of Directors Meeting

Raymond Recreation Association will meet Wednesday, May 3 at Jordan Small School at 7pm. Agenda will include review of winter programs, update on spring and summer programs including discussion of a proposed summer sport day camp to be held here in Raymond. Anyone interested in becoming involved with any of our activities is welcome.

Spring Tennis Begins

The Spring Tennis program for 4th, 5th and 6th graders begins on Wednesday, May 3rd and is held at the Village Tennis Courts on Mill Street. If your child is interested please phone Pat at 655-4657 to pre-register.

Summer Opportunities offered in the area

These programs are not sponsored by Raymond Recreation but we hope that this listing will be helpful to Raymond parents. If Tennis is the interest - try a week long, full day summer tennis camp. Contact: St. Peter's Grand Slam Tennis Camp at 797-8613 or www.grandslamtennis.net. These clinics run from June through August at locations throughout the greater Portland area. Is Ice Hockey the interest? Call Kevin Kaminski's Professional Hockey Academy at 450-5885 or e-mail KKPHA@aol.com. Camp is held in August at Bridgton Ice Arena.

Fire Station Building Committee Members Needed

The Board of Selectmen are looking for people to serve on a building committee that will be responsible for the design phase of a new fire station. Anyone who is interested should contact the Town Office at 655-4742 by May 19, 2000. The proposed facility will replace the District One Station located on Main Street.

2000 Raymond Recreation Association Swim Sign Up

Sign up for Wednesday, May 10th at the Jordan-Small School cafeteria from 6 to 7:30 pm.

Red Cross Swim Program

Cost: \$15 per child and \$10 for each additional sibling. Parents need to be at sign up to sign permission slips. Swimming lessons begin June 26 for 4 weeks at Crescent Lake, Route 85. For more information call Debbie Duchaine, WSI at 655-5222. There will be a \$5 late fee for registering after June 12.

Red Cross W.S.A. (Water Safety Aid)

Cost \$40 per child. Children must be 13 years old by June 2000. Lessons begin June 26 for 4 weeks at Crescent Lake, Route 85.

Parents need to be at sign up to sign permission slips. For more information call Debbie Duchaine, WSI at 655-5222.

Raymond Rec. Fall Soccer Sign up Night

Date: Wednesday May 10, 2000
Time: 6:00 PM to 8:00 PM
At: Jordan Small School Cafeteria

Fall soccer season will start the week of Sept. 4, 2000 and run for eight weeks through Oct. 28, 2000. Open to students K through 6th grade.

Cost \$20.00 per student, \$15.00 for additional siblings. For more info or to volunteer to help with program call Barry Keck @ 627-4748

Communities for Children

Communities for Children Aims to Link Organizations, Generations

Over the past year, Communities for Children has taken several steps to connect Raymond citizens with each other. One of our most visible accomplishments has been to create and distribute a brochure of town services and organizations so families can access community resources more easily. We hope to update this brochure on a regular basis and continue to make it available at the school, town office, library and local churches. We appreciated the support offered by Norma Richard and the R.E.D. helpers who inserted copies in last month's Road Runner.

Raymond teens have been developing a Kid's and Teen's Web site (find it at <http://www.raymondmaine.org>) with the guidance of Mike Reynolds. The group is particularly interested in having job opportunities posted; if you are interested in hiring local talented teens, you may complete a job description form at the site itself, e-mail Mike at sjmr@maine.rr.com, or call him at 655-2884. You may post community service opportunities for youth at the Web site as well.

C4C continues to promote youth involvement in community issues and projects, such as having students create interview questions for hiring the new middle school principal and participating in the Crescent Lake Beach Project. Other action items include easing middle school transition and providing a forum for organizations to come together to address community needs.

Our next meeting will be Tuesday, May 23, 7:00 at the Jordan-Small School library. Anyone interested in working on the behalf of Raymond's youth and families is welcome. For more information about C4C, call Lori Rand at 655-4277 or Laurie Wallace at 655-2222.

Boating In Raymond - A Report on Surface Use

Continued from page 1

3. Prohibiting jet skis?

All respondents: 65% favor
Raymond residents: 53% favor

4. Limiting hours for "speed" sports, e.g. jet skis and ski boats?

All respondents: 50% favor
Raymond residents: 58% favor

5. Marine safety patrols to augment the work of the IF&W wardens?

All respondents: 67% favor
Raymond residents: 59% favor

6. Do you favor contributing towards the expense of enforcing lake rules?

All respondents: 65% in favor
Raymond residents: 54% in favor

Respondents were also encouraged to contribute comments or concerns, and many did. It is clear that while there may be no overwhelming consensus on any of the above issues, many people care passionately about activities on Raymond's lakes. For example, Sebago Lake homeowners are almost uniformly in agreement that the laws limiting decibel levels on high-powered boats should be enforced. One person wrote: "Living on Sebago is like living next to an airport. How can Raymond maintain the market value of shorefront residential property if this annoyance continues?"

A number of Sebago Lake residents who live in the Frye's Leap area also mentioned excessive speed as being a threat both to safety and to their enjoyment of the lake and suggested a special speed zone with marked buoys for that part of the lake. People on all of our lakes wrote about inconsiderate and even unlawful use of jet skis and high speed boats that routinely operate within the 200' water safety zone and pose a threat to swimmers and wildlife. One woman wrote:

"Peaceful mornings and evenings on the lake are one of the greatest pleasures of this area. If some communities can regulate the use of leaf blowers, we should be able to do something about these wretched whining and pounding jet skis."

So where do we go from here? The two "hot" issues on the survey are clearly the ones addressing jet skis and limiting activity hours for speed sports. In spite of the majority vote in this survey to ban jet skis, when we consider the results from the survey (only 53% favor banning jet skis), it does not seem a large enough majority to recommend bringing this issue before the Town. If we look to other towns in this area for guidance, none of them have been successful with the enactment of a local ordinance that would limit or prohibit particular boating activities. The only exception had been on very small lakes where there has been no prior use. In some communities the issue has pitted neighbor against neighbor and caused a lot of hard feelings. This should be avoided in Raymond but this does not mean there are no options. First, the Town may want to consider some form of stricter enforcement of the existing laws. The two IF&W wardens assigned to our area were definitely more visible last summer than in past years but are often somewhere else when a problem occurs. Since it's not likely that we'll see many more wardens on our lakes in the foreseeable future, the Town may want to consider hiring a marine constable for the summer months who would be empowered to assist the IF&W wardens in their work. An alternative would be developing a volunteer harbormaster program similar to that which has worked well in Naples.

Regarding the problems on Sebago Lake mentioned previously, Lt. Nat Berry of the Dept. of IF&W says that IF&W cannot legally change the speed limit in the narrows between Raymond Neck and Frye Island. For this to happen, we must petition IF&W Commissioner Lee Perry for a rule change in boating statutes on Sebago Lake. This may well be worth looking into. The noise problem is more confusing. Lt. Berry says that many boats, which seem too loud, actually fall within

legal decibel limits. The Town may want to consider researching the noise level issue further.

Education is and should continue to be a strong component. Employees in the Town Office have been providing every person who registers a boat a copy of a laminated card developed last summer by the Lakes Environmental Association in Bridgton. The card contains a simplified version of the existing surface use laws. These cards should also be made available to real estate agents to distribute to cottage renters.

You Can Help! - The old saying about doing it yourself when you want something done may hold true here. Although we may not be empowered with enforcing the law, there is no reason why all of us can't help our friends and visitors know what is expected. Sometimes visitors from away simply aren't aware that their boating behavior is threatening to loons or to swimmers. We must tell them. Sometimes our neighbors may not be aware that when their children get on jet skis and circle endlessly in the cove that they are driving the rest of us crazy. In a non-confrontational fashion, we should let them know. And the squeaky wheel gets the grease. Call the State Police (800-482-0730) for help with persistent or extreme problems. Then, says Lt. Berry, be sure to stay by the phone so that when a warden calls back, you can provide him with additional details.

Obviously, none of these initiatives is going to solve all the problems, and many people will be unhappy that we are not pushing for more action. But the Maine legislature has expanded the window during which surface use changes may be made, and as time goes by perhaps more people will see the need. In the meantime, we hope these incremental steps will be helpful. We thank all those who took the time to complete the survey and especially those who provided lengthy and thoughtful comments. Let's hope this summer will provide many sun-filled days for swimming and boating, and let's remember to operate our boats safely and with consideration for others so that we all may enjoy our beautiful lakes.

Title I News

By: Nicole Beers

It is my pleasure to write the Title I news for this issue because it gives me the opportunity to congratulate Mrs. Mains. She was awarded a \$250.00 grant at the Mid-Maine Title I conference on March 24th. Mrs. Mains' grant was one of only four given by ACHIEVE. ACHIEVE is an organization of educators supportive of Title I programs and forms a network of resources to benefit all Title I educators in Maine. Her proposal was to purchase texts and CDROMs about primary literacy standards for kindergarten through third grade. The information gained from these resources will help us to reevaluate our reading and writing programs. This will help our students meet these standards which will put them on track to meet high literacy standards set by the state.

Mrs. Milton and I accompanied Mrs. Mains to the conference. We attended sessions on developing writing and thinking skills across the curriculum, organizing literature circles, what's new in children's literature and extended day kindergarten programs. We are very enthusiastic about the information we received and will be sharing ideas with colleagues. The conference proved to be a valuable resource and we have already implemented some of the techniques with students.

We would like to thank our newest volunteer, Ruth Crocker, for coming in on Thursday afternoons to give students extra help with reading. The children are really enjoying this extra one-on-one time. If there are any others who would like to help with this endeavor or if there are other children who could benefit from this after school program, please feel free to contact Mrs. Mains.

The W.E.B. program is doing wonderfully! Our readers are ahead of projections for the year. Our goal was to read 300,000 pages for the school year and we have already accomplished that! But we still want to encourage the students to keep reading because there are still two and half months left. Could 500,000 be reached? Stay tuned. Many thanks to Phyllis Barden for checking books out and Diane Shively and Kyle Gagnon for counting all those pages.

NYA Winter Honor Roll

The following Raymond students were recognized at the recent Honors Assembly for their academic achievement in the Second Trimester at North Yarmouth Academy.

Highest Honors (3.70 average): Shawn Gagne, Renee Fortin, Ben White

High Honors (3.30 average): Colin Bumby, Lizzie Crockett, Amanda Dodson, Bridget Gagne, Matt Fortin, William Yates.

Honors (3.00): Katie Crockett, Ben Hutchinson

Jordan-Small And Raymond Elementary School Libraries

With the opening of the new Raymond Elementary School this fall, we are supporting a number of fundraisers to raise additional money for book purchases. We will be splitting the current Jordan-Small School library between the two schools. This means a large number of gaps in the library collection, as well as the need to plan for middle school books and reference materials. We will also be applying for grant monies to support this effort. All proceeds from the following activities will be used for book purchases:

May 4: Pampered Chef cookbook sale and cookware party at 6:30 PM. Baby-sitting is available.

May 1 - May 31: We will collect "Pennies for Paper Books" (coins and pocket change for the library). Coins can be deposited in the jar in the office at Jordan-Small.

Ongoing: All proceeds from Boxtops for Education will benefit the libraries. So, keep on collecting the Boxtops for Education symbols throughout the summer.

KORA SHRINERS SCREENING CLINIC

A no-cost **SCREENING CLINIC** will be held to identify children in our area who can benefit from the expert orthopedic and burn care provided by Shrine Hospitals.

All care provided at Shiners Hospitals is absolutely free of charge.

DATE: MAY 13 FROM 9:00 AM - NOON
PLACE: WINDHAM HIGH SCHOOL

For information or an appointment call: 1-800-782-KORA.

SHRINERS HOSPITALS AND
SHRINERS BURN INSTITUTES

Century Campaign Contributors

On behalf of students and staff, we would like to thank the following contributors to the Raymond Elementary School Playground CENTURY CAMPAIGN. We appreciate all donations to the playground, and encourage members of the Raymond business community to join us in this fund-raising campaign. We have surpassed the half-way mark and will continue the CENTURY CAMPAIGN through this spring. Donations can be sent to the Jordan-Small School.

Jeff Plummer Memorial Golf Tournament

May 19th, 2000

You are cordially invited to participate in our annual scramble to benefit Sebago Long Lake Cal Ripken Baseball and its over 700 kids ages 5 to 12. The league sponsors baseball and softball teams from Waterford, Harrison, Bridgton, Naples, Casco, Raymond and Sebago. The Tournament will be an 8:00 a.m. sharp shotgun start on Friday, May 19th at Point Sebago Golf Club. Your tax-deductible entry includes golf, cart, range balls, many prizes and a cookout. If you have any questions, call Ron Lehr (work) 878-8888 or (home) 655-3279.

There will be cash prizes for 1st Gross and 1st, 2nd and 3rd Net.

NEW THIS YEAR: a "Hole In One" contest, with the lucky ace driving home in a 2000 GMC Pick-up compliments of the Bill Dodge Auto Group in Westbrook. There will also be free golf certificates for the longest drive, straightest drive and closest to the pin. Other prizes and raffles, too.

The cost is \$80 per person. Please make checks payable to Sebago Long Lake Cal Ripken Baseball. Please enter as a foursome, but we will pair people up if this is not possible. Send entry form with your check to the address below. Space is limited. Please get your entry in ASAP - no later than May 1st.
