**Description:** The Zoning Board of Appeals has requested that the December 31, 1986 condition for setback reductions be removed in order to allow setback reductions for all lots. The Town Attorney has researched the date and concluded that it was an arbitrary date and that removing it would not harm the integrity of the ordinances.

#### ARTICLE 8 – MODIFICATIONS

#### B. Net Residential Density Calculation

The total number of lots or dwelling units allowed on a tract or parcel of land shall be determined by dividing the area remaining after Net Residential Area deductions are made by the minimum lot size for the zoning district where the parcel or tract of land is located. The number shall be rounded down to the nearest whole number. *[Amended 8/7/07]*

~~Notwithstanding the above, the total number of lots or dwelling units allowed on a tract or parcel of land or a portion of a tract or parcel of land that was rezoned from the Limited Residential/Recreation District LRR1 to the Rural District R on June 1, 2010 shall be determined by dividing the area~~

~~remaining after Net Residential Area deductions are made by two. The number shall be rounded down to the nearest whole number. A determination that land was within the Limited Residential/Recreation District LRR1 prior to June 1, 2010 shall be made by the Planning Board based on a survey plan provided by the property owner or development applicant prepared by a licensed surveyor which demonstrates that the land in question was within the Limited Residential/Recreation District LRR1 prior to being rezoned on June 1, 2010. At a minimum, the survey plan shall show 1) all streams, as defined in the Raymond Shoreland Zoning Ordinance prior to June 1, 2010 ("A perennial free-flowing body of water, other than a river, as depicted on the most recent edition of a United States Geological Survey 7.5 minute series topographic map, or if not available, a 15 minute series topographic map") on the tract or parcel; and 2) all land areas within 100 feet, horizontal distance, of the normal high-water line of a stream. [Adopted 6/1/10]~~

Notwithstanding the above, if a lot, or a portion of a lot, was a lot of record prior to June 1, 2010, and as such that lot, or a portion of that lot, was rezoned from Limited Residential/Recreation District (LRR1) to Rural District (R), it shall be determined that the landowner(s) of record prior to June 1, 2010 shall maintain the lot area standards set forth in the LRR1 District as they existed prior to June 1, 2010, so long as the owner retains or divides the lot under the allowed subdivision exemptions standards as defined under Title 30-A Section 4401 of the Maine Revised Statutes Amended. A decision regarding whether the land was located within the LRR1 District prior to the June 1, 2010 amendment may be determined by the Code Enforcement Officer.

If there is a discrepancy regarding the zone boundary, or the existence of the lot prior to June 1, 2010 by the CEO, the CEO may request a plan prepared by a licensed surveyor that demonstrates that the land in question was within the LRR1 District prior to being rezoned on June 1, 2010.

At a minimum, the survey plan shall include:

- 1) All streams, as defined in the Raymond Shoreland Ordinance;
- 2) And all land areas within 100 feet, horizontal distance, of the normal highwater line of a stream.

Any further transference or creation of lots on the affect lots, meeting the definition of subdivision after June 1, 2010, must meet all the minimum standards of the Rural District.

**Description:** In June 2010, the Town passed an amendment to the Land Use Ordinance that officially established the new classification of Stream Protection District (SP). As a result of this change, some lots, or portions of lots, that were previously classified under Limited Residential Recreation 1 (LRR1) were reclassified as Rural (R). The Net Residential Density Calculation (Article 8B) in the Raymond Land Use Regulations allows for two-acre lots in the LRR1 District, and three-acre lots in the R Districts. Since the resulting density allowance for the newly reclassified parcels would become more restrictive, language was added in Article 8B that intended to "grandfather" lots affected in the district change. However, as an unintended consequence, the amendment only applies to applicants seeking a determination from the Planning Board, and does not apply to the subdivision of a single lot. Therefore, for the upcoming 2013 Town meeting, the Planning Board is proposing this language be redrafted to "grandfather" any legal subdivision of lots, if the lot was in existence and owned by the same landowner of record prior to June 1, 2010.

### **Key Changes:**

- Paragraph regarding “grandfathered” lots has been redrafted to include subdivisions exempt from Planning Board approval.

The Planning Board makes no recommendation.  
The Selectmen make no recommendation.

MOTION: There was a motion and second to approve Article 3.  
VOTE: Carried.

**ARTICLE 4:** Shall Article 9T and Article 12 of the Raymond Land Use Ordinance, as adopted May 21, 1994 and amended through June 5, 2012, and Article 3 of the Town of Raymond Subdivision Ordinance, as adopted May 21, 1994 and amended through June 7, 2011, be further amended by adding the underscored language and deleting the language in strikeover type as shown below?

~~**Minor Street.** A street that primarily serves for access to abutting properties.~~

**Street.** A public way which affords the principal means of access to abutting properties, or a proposed way that is intended to be accepted by the Town as a public way in accordance with this Ordinance, or a private street as defined in this Ordinance. The word "Street" means and includes such ways as alleys, avenues, boulevards, highways, roads, streets and other rights-of-way. The term "street" shall also apply to areas on subdivision plans designated as "streets", etc.

**Minor Street.** A street designed to serve as primary residential access, and which meets the design standards for public streets in Section 5.5 of this Ordinance.

**Private Street-** A street designed to serve as primary access to two or more residential lots, which meets the design standards for private streets in Section 5.5 of this Ordinance. The Planning Board recommends Article 5.  
 The Selectmen recommend Article 5.

**Description:** In an effort to improve consistency and efficiency among the ordinances, the Planning Board has also reviewed the Back Lot section of the Street Ordinance. Application requirements, which are already located in the Land Use ordinance, are repeated in the Street Ordinance. These have been removed to reduce redundancy.

**Key Changes:**

- The term Reviewing Authority, and its definition were added.
- Definitions have been expanded and amended to be more consistent with the Land use Ordinance, and Subdivision Regulations.
- Application requirement have been incorporated to the appropriate sections of the Land Use Ordinance to avoid repetition or conflict among the ordinances.
- The definition for Portland Cement has been amended.
- A sketch of a back lot driveway terminus has been added.
- 

MOTION: There was a motion and second to approve Article 5.

VOTE: Carried.

**ARTICLE 6:** Shall Section 6.C and F, and Section 9 of the Town of Raymond Addressing Ordinance, as adopted March, 1997, be further amended by adding the underscored language and deleting the language in strikeover type as shown below?

Town of Raymond Addressing Ordinance:

*Section 6. Compliance:*

All owners of structures shall, by the date stipulated in Section 8, display and maintain in a conspicuous place on said structure, the assigned numbers in the following manner:

- C. Size and color of number: Numbers shall be displayed in a color and size that can clearly be identified and shall be located to be visible from the road at least 3" in height, contrasting color to the background, and shall be located to be visible from the road on a permanent structure, post or mailbox. The number should be high enough so that snow does not obstruct it in the winter months.
- F. The Fire/Rescue Department shall receive notification from the Code Enforcement Officer whenever a Certificate of Occupancy is issued in the Town of Raymond.

*Section 9. Violation and Enforcement:*

~~It is expected that this Ordinance will be complied with. If for any reason, a property owner or resident fails to comply with this Ordinance, they shall be deemed to have assumed the risk of not receiving emergency assistance at the same level of service had they met the requirements of this Ordinance.~~

- PENALTY FOR VIOLATION: Any person who violates the provisions of this Ordinance after written notice of violation from the Code Enforcement Officer commits a civil violation punishable by a penalty of not less than \$50.00/day and not more than \$500.00 total to be recovered by the Town of Raymond. Each day such violation continues shall constitute a separate violation.
- ENFORCEMENT: This Ordinance shall be enforced by the Town of Raymond Code Enforcement Officer. Fire/Rescue Department or Law Enforcement personnel shall forward any known violation of the Ordinance to the Code Enforcement Officer for enforcement in accordance with the requirements in this Ordinance.
- CERTIFICATE OF OCCUPANCY: The Code Enforcement Officer shall not issue a Certificate

of Occupancy until numbering is installed in accordance with the requirements set forth in this Ordinance.

**Description:** The Fire Department is seeking to improve public safety's response to calls by standardizing E911 house numbering through requiring a certain criteria for size, color, location and height for numbering. The proposed changes also gives the Code Enforcement Officer the authority to enforce violations as well as create a monetary penalty of \$50.00/day and up to \$500.00 total. These fines would only be imposed after the owner has received written notice(s) from the Fire Department and failed to make alternative arrangements with the Fire Chief. Also, by making these changes the Fire Department may become eligible for grant funding, which they were preciously denied because of a "weak" Addressing Ordinance. It should also be noted that, presently, the Fire Department has a program where they supply and install house numbers for those who request it at no charge.

**Key Changes:**

- Standardize size, color, location and height of number.
- Requires the Code Enforcement Officer ensure that street numbering is satisfactory before issuing a Certificate of Occupancy.
- Requires written notification from Code Enforcement Officer of new Certificate of Occupancy.
- Establish penalties for violations at a minimum of \$50.00/day and a maximum of \$500.00 total.
- Gives the Code Enforcement Officer the authority to enforce violations because of the positions defined enforcement role under Rule 80K of Maine Rules of Civil Procedure.
- Requires the Code Enforcement Officer ensure that street numbering is satisfactory before issuing a Certificate of Occupancy.

The Planning Board makes no recommendation.

The Selectmen make no recommendation.

MOTION: There was a motion and second to approve Article 6.

VOTE: Carried.

#### Section XIV. Effective Date:

This Ordinance shall become effective upon passage by the legislative body of the Town of Raymond at a duly called Town Meeting.

~~ARTICLE 4 – DISTRICT REGULATIONS~~

~~H. Conditional Zoning Districts~~

- ~~1. Conditional Zoning District #1, Raymond Hill Wireless Communication Facility Conditional Zone – Conditional Zoning District #1, the Raymond Hill Wireless Communication Facility Conditional Zone, is created as shown on the Land Use Regulation Map. Conditional Zoning District #1 is subject to the regulations applicable in the Rural District (R), as modified by the Conditional Zoning Agreement between the Town of Raymond and Maine RSA #1, Inc., Michael Major and Mary Jean Major attached to this ordinance as Appendix B.~~

~~Appendix B~~

~~Conditional Zoning Agreement  
Between  
The Town of Raymond and Maine RSA #1, Inc.,  
Michael Major and Mary Jean Major~~

~~This is a conditional zoning agreement made as of the day of \_\_\_\_\_, 2011, by and between the~~

Town of Raymond, a body corporate and politic, located in the County of Cumberland and the State of Maine (“Town”), and Maine RSA #1, Inc., a Maine corporation (“Applicant”), and Michael Major and Mary Jean Major (collectively “Owners”).

~~WHEREAS, Applicant, and/or its affiliates, proposes to construct a single Wireless Telecommunication Facility in the form of a monopole tower one hundred twenty five feet (125') in height and supporting infrastructure, antennas, utilities, equipment shelter, backup power generator, propane tank, associated equipment and an access road from Valley Road within Owners' property located at 19 Farm Road, Raymond, and identified on the Town Assessor's records as Tax Map 13, Lot 51 (“Subject Property”); and~~

~~WHEREAS, Applicant intends to enter into a lease or other agreement with Owners which would grant Applicant the right to construct, operate and maintain a single Wireless Telecommunication Facility on the Subject Property; and~~

~~WHEREAS, the Subject Property is located in the Rural District (R) under the Town of Raymond Land Use Ordinance (the “Ordinance”); and~~

~~WHEREAS, the Ordinance provides that Wireless Telecommunication Facilities are an allowed use in the Rural Zoning District, may be constructed up to 75' in height, with an additional 25' for each co-locator, up to 125', but are prohibited above 600' ground level on Raymond Hill and cannot exceed 30' in height above the existing mature tree line adjacent to the tower; and~~

~~WHEREAS, Applicant asserts the following reasons for the conditional rezoning:~~

- ~~• The Federal Communications Commission (“FCC”) has issued Applicant a license to provide wireless service to Raymond and the surrounding areas. Applicants' service objective in Raymond is to provide adequate coverage, capacity, and connectivity to areas near the village, Egypt Road, Panther Pond, and to northerly areas including Crescent Lake, Raymond Pond, and Route 85. Applicant is not currently providing adequate service to this area and has determined it requires at 125' tall Wireless Telecommunication Facility at a 680' ground elevation in order to do so.~~
- ~~• Applicant's wireless technology requires a line of sight technology and its antennas cannot effectively operate if blocked by trees or topography. The Applicant has determined that the highest trees near the proposed Wireless Telecommunication Facility are currently 78' tall. It is generally accepted that, in New England, oak trees are known to grow to 90', maple trees to 75', and pine trees, over 100'. Such trees may grow as much as 6" per year. Accordingly, the 75' height restriction and the limitation to 30' above the existing mature tree line would place Applicant's antennas in existing tree canopy that will continue to grow taller to block signals to and from Applicant's antennas.~~
- ~~• Locating a Wireless Telecommunication Facility below 600' elevation on Raymond Hill would not provide connectivity with other Wireless Telecommunication Facilities in Applicant's network. Potential sites to the north and east areas of Raymond Hill that may meet the ground elevation criteria would negatively impact Raymond Pond, be virtually impossible to construct due to topography, and have radio-frequency connectivity issues. Wireless Telecommunication Facilities are not permitted in the areas west of Raymond Hill.~~

- ~~2. A single Wireless Telecommunication Facility, as described in this Conditional Zoning Agreement and the application materials submitted by KJK Wireless on behalf of the Applicant, to include a 125' monopole tower and supporting infrastructure, antennas, utilities, equipment shelter, backup power generator, propane tank, associated equipment and an access road from Valley Road, sited within a fenced enclosure, on a 75' x 75' leased area as shown on the Site Plan entitled "U.S. Cellular, [site name] Raymond, ME, Site No.: 853462" dated August 25, 2009, shall be a permitted use on the Subject Property, subject to review under the provisions of Article 9, Section S Wireless Communications Facilities, and Article 10, Site Plan Review, of the Ordinance.~~
- ~~3. The Wireless Telecommunication Facility constructed pursuant to this Conditional Rezoning Agreement shall not be subject to the limitations of Article 9, Section S, Subsections 6(b) and 6(c), provided it is constructed and operated in accordance with the following conditions and restrictions. The use permitted shall be limited to that described in this Conditional Rezoning Agreement, Applicant's FCC license, and as shown on Applicant's site plan entitled "U.S. Cellular, [Site Name]: Raymond, ME, Site No.: 853462" dated August 25, 2009.~~
- ~~4. The Applicant shall record this Conditional Zoning Agreement in the Cumberland County Registry of Deeds at Applicant's expense within 30 days following approval of the conditional rezoning by the Raymond town meeting~~
- ~~5. This is the sole zoning for the property and except as otherwise set forth in this Conditional Zoning Agreement, all other requirements of the Rural District shall apply. Except as expressly modified herein, the use and occupancy of the property shall be governed by and comply with all applicable provisions of the Ordinance, including applicable provisions of Article 9, Section S.~~
- ~~6. The above restrictions, provisions and conditions are an essential part of the rezoning, shall run with the land, and shall bind Applicant, Owners and their heirs, successors and assigns as well as any person in possession or occupancy of the property, and shall inure to the benefit of and be enforceable by the Town.~~
- ~~7. Any violation of any provision of this Contract Zoning Agreement shall constitute a violation of the Ordinance. The Town shall have the power to enforce all conditions and restrictions of this Agreement, both through enforcement action pursuant to Article 5 of the Ordinance and through legal action for specific performance of this Agreement. Penalties for violations shall be as set forth in 30-A M.R.S.A. §4452.~~
- ~~8. By executing this Conditional Zoning Agreement, Applicant and Owners agree to the conditions contained herein.~~
- ~~9. In the event that Applicant or its successors or assigns fail to develop the Wireless Telecommunication Facility in accordance with this Agreement, or in the event of any other breach hereof by Applicant, this Agreement may be terminated by vote of the Raymond town meeting. In that event, the property may then be used only for such uses as are otherwise allowed by law.~~

The Grantor also grants to GSA IV, its successors and assigns, as part of this Easement, a perpetual right-of-way for ingress and egress, seven days per week, twenty-four hours per day, on foot or motor vehicle, including trucks, along a thirty foot wide right-of-way extending from the nearest public right-of-way, together with the right to install, replace and maintain utility wires, poles, cables, conduits and pipes (the "Access Easement"), as is more particularly shown in the Site Plan attached hereto as Exhibit "B" and described by metes and bounds in Exhibit "C" (hereinafter the term "Easement Area" shall be deemed to also include the Access Easement unless stated to the contrary).
