February 10, 2017

To the Board of Selectmen and the Members of the Budget-Finance Committee:

The Town Manager's FY17/18 municipal budget is attached. The first departmental budget review meeting will be held on February 21, 2017, the second on March 7, 2017, and a workshop is scheduled for March 28, 2017.

In the attached draft budget, the projected municipal portion of the mill rate is lowered from \$2.80 to \$2.71 per thousand valuation. This has been accomplished in large part by using \$270,000 of excess undesignated fund balance. Undesignated fund balance at June 30, 2016 exceeded policy goals by \$561,104. This would leave a balance of \$216,104 for future periods. Of the \$270,000, \$119,529 is comprised of new capital expenses: \$10,000 for developing a new section of the Raymond Hill Cemetery, \$28,900 for an accounting software transition, \$35,629 for the new electronic public information signs net of other financing sources, \$25,000 for an increase in capital road work, and \$20,000 for the technology reserve. The remaining \$150,471 is being used to stabilize and lower the tax rate. This action is taken while also being mindful of financial capacity that will become available in the FY18/19 budget and beyond. In FY17/18 a significant portion of municipal debt service will be retired. The debt service will be reduced \$106,681 in the general fund and \$99,734 in the TIF. Though premature to estimate, any increase in undesignated fund balance from the current budget year will also be added to available resources.

When reviewing this budget some items to keep in mind are that a one mill increase in the property tax rate equals \$1,013,793. The CPI Northeast region is 1.9% for the year ending December 31, 2016. Reports from the code enforcement officer and the contract assessor indicate a continued robust development environment. Although there is not precise information at this writing; there will be a significant associated increase in valuation and new tax revenue.

The school budget has been entered at the same level as last year. The first draft of the school budget will be presented to the school board on March 9, 2017. The state has issued the finalized valuation for county tax purposes, so that is a true number.

Projections from the state for revenue sharing for the next fiscal year are not yet available. A slight increase from the actual FY15/16 has been used. This budget is \$491,643 below the towns LD1 levy limit.

Projected revenue is \$344,620 over last year. The majority comes from the use of fund balance, but also \$9,790 from the TIF Reserve. The balance in the reserve at 06/30/2016 was \$46,178. There is also an increase in the estimate of excise tax collections by \$70,000 over last year. The remaining revenue accounts reflect only minor increases or decreases.

Staff were tasked by the Selectboard to include present and future anticipated needs for each department to enable the elected officials to discuss, review goals, plans, and projects, and to prioritize the same. What follows are those proposed changes briefly outlined by department.

Wage increases are not included in the department salary lines. Any increases will be paid from Department 1100 Employee Comp and Training (Merit Pay); exceptions include employees covered by the public safety collective bargaining agreement.

General Assistance, Town Hall and the Technology Departments have no increases in budget requests for the new year. Street lighting has been moved from the general fund into the TIF, where it is anticipated it will remain until the expiration of the TIF in 2028.

The administration department budget shows an overall increase of \$30,572. Most of the increase is related to a proposal to switch from Northern Data to Trio accounting software, approximately \$28,900 would be for a one-time fee to acquire the software and related training for staff. Six hours per week has been added to front counter staffing. MMA dues have been added and will be discussed in more detail when discussing insurance coverages. It is important to note that membership includes other benefits: The Legislative bulletin and the Townsman publications, online access to manuals, training at reduced costs, issue briefs, and legal assistance with Title 30A.

The contract assessor budget comes in at an overall increase of \$1,448 to cover the increased cost of software licenses, and an added line for training for the assistant to maintain her CMA certification.

The code enforcement officer would like to increase the hours of the assistant from 16 to 22 hours per week. Additionally, new code books and related information for residents required raising the training line by \$1,000. The total increase for this department is \$5,472.

For general insurance, MMA has quoted all lines of coverage currently provided by the Cross Insurance Agency. This includes workers comp, auto, inland marine, property and contents, cyber security, bonding, general liability, and umbrella. After analysis, it was concluded to remain with MEMIC for worker's comp and with a 2% increase for the new year as directed by our Cross Insurance Rep. For all other lines, MMA was less expensive, including the annual membership fee. Broken down, \$54,906 for insurance coverage and \$5,984 for the annual membership for a total of \$60,890 compared to \$64,004 for Cross. The coverages were quoted as comparable as possible.

The remaining benefits and insurance coverages include the increase of the two new full time positions that have been proposed by the Fire Department.

In the area of health insurance, in addition to adding two new positions, it is envisioned that we will stay with our current provider, Harvard Pilgrim until the end of calendar year 2017 at least. In the past, we have tried to fit other plans into our fiscal year which is not in the best interest of the employees. In renewing in December, we allow our employees twelve continuous months to manage their deductibles and out of pocket expenses more effectively. In the fall, we will look at plans for 2018.

Community Development increases include a \$5,000 request of the Vitalization Committee, and an increased request from RTP (regional bus) to \$9,656, additionally local and regional community provider agencies have requested a total of \$4,859. Since staff is recommending adding three new provider agencies, we have included all requests received so the Selectmen and Budget-Finance committee will be aware of all such requests made of the town.

The fire department requests include the second year of a stepped pay adjustment for the Chief, and a 2% (COLA) collective bargaining pay increase for full time union members. This budget also proposes

increasing the hours of the second paramedic position to fulltime and adding an additional daytime position. A new requirement for the rescue units to buy most of the drugs they use increases operational costs by \$7,000.

The Public Works Department comes in at almost a 1% reduction due to a decrease in contracted snowplowing services. This is the second year in a three-year contract. Gas and diesel estimates are also lower than the current year's estimates.

The solid waste and recycling curbside pick-up contracts have been recently renegotiated and extended an additional three years. The increase cost for the FY17/18 year is \$7,500. The town declined the potentially costly request of the contractor to take back the risk and cost associated with recycling revenue/expense of disposal. The remaining two contract years will each have a CPI increase capped at 2%. No tipping fee increases are planned at MMWAC and will remain at \$41 per ton.

Department 1100, Employee Comp & Training, includes a merit pool to be used to fund any merit increases that are awarded for FY17/18. Any amount not used for merit pay awards are proposed to be carried over and replenished as needed on an annual basis. The amount of the request for this year is \$55,500. This amount is based on 5% of the estimated gross payroll factoring out employees not covered under the program. This increase was factored into calculations for payroll taxes and retirement contributions. Employee training remained at \$10,000. In FY15/16 most employees did not receive a pay adjustment as the transition was made to the new merit only system.

The proposed expansion of the Raymond Hill Cemetery is estimated at \$10,000 which was delayed last year and is included in this budget along with a request for additional GIS software for the cemeteries.

Parks requests and expenditures are increased by \$133, the Raymond Village Library has increased their request 6% to \$60,000, and the Animal Control budget was reduced \$900 to be more in line with recent history.

The debt service budget is decreasing by \$9,891, and the capital improvement program increased \$82,000. This includes the \$62,000 total cost for new electronic public information signs at town hall and the public safety building. Revenue of \$26,371 is included in the revenue budget to offset the cost. The capital paving appropriation was increased \$25,000 in response to the Selectboard's goal.

The format of this year's budget has been changed to be more concise. Department submissions are all located in the back of this booklet and are not duplicated in the main body of the document.

I am looking forward to our first meeting on February 21st at the Broadcast Studio at 6:30 P.M. If I can provide any additional information between now and then, please do not hesitate to contact me or Finance Director, Cathy Ricker.

Respectfully submitted,

Don Willard Town Manager

Subcontracted normal mowing of town roadsides and specific area project	s requiring heavy cutting
1370 Subcontracting	\$6,000
Examples include catch basin cleaning, mowing and bush hogging	
1380 Rental Equipment	\$2,500
Rental of special equipment not owned by the Town	
1390 Winter Sand	\$41,200

# 2017-2018 Solid Waste Department 0900

**Total Appropriation Request -- \$323,762** 

0400 Pine Tree Waste - Recycling Pickup and Hauling Contract	\$131,131
1325 Pine Tree Waste - Roadside Pickup Contract	\$131,131
Pine Tree contract \$7,500 increase FY17/18. Next two CPI capped at 2%	
1335 MMWAC Tipping Fee	\$61,500

Per MMWAC tipping will remain at \$41 per ton

## 2017-2018 Employee Compensation and Training Department 1100

**Total Appropriation Request -- \$65,500** 

# **Sub-accounts**

*0500 Merit Increases* \$55,500

Calculated at 5% of gross wages

1100 Training \$10,000

Covers a wide variety of non-department specific trainings. No change from prior year

## 2017-2018 Cemeteries Department 1200

Total Appropriation Req	uest \$39,393
-------------------------	---------------

0900 Software Maintenance	\$4,385
GIS Software & Pontem Software	
1300 Contract Services	\$22,308
Mowing Contract	
1400 General Maintenance	\$2,700
No change	
New Raymond Hill new section	\$10,000

Grading, loam, seed

### 2017-2018 Parks/Recreation Department 1250

# Total Appropriation Request -- \$16,921

0300 Parks Materials, Maintenance, Equipment	\$2,500
No change	
1300 Contract Services	\$8,821
Mowing and porta potties	
1350 Raymond Baseball	\$2,000
No request received	
1375 Raymond Rattlers	\$1,600
No request received	
1400 Agawam Mowing	\$2,000

Request received

### 2017-2018 Raymond Village Library Department 1275

### **Total Appropriation Request -- \$60,500**

0100 Library	\$60,000
Per request increase of \$4,500 over last year	
0200 Library Maintenance	\$500

### 2017-2018 Capital Improvements and Debt Service Department 1500

Total Appropriation	Request	\$1,058,881
---------------------	---------	-------------

Per amortization schedule. \$4,000 less than last year

0250 Public Works – Equipment Reserve	\$90,000
Includes capital leases	
0350 Public Works Paving/Road Reserve	\$300,000
Appropriation for road work/paving maintenance, increase of \$25,000	
0400 Municipal Facilities Maintenance/Improvements	\$35,000
To allow for improvements/major repairs to municipal facilities	
0450 Technology Reserve	\$20,000
Upgrade four servers	
0650 Fire Department Equipment/Facilities	\$110,000
See Schedule	
New Signs	\$62,000
to be split between general fund and TIF. Two signs one at town hall, one at PSB	
0500 PSB Bond Payment	\$106,681
Final Payment	
0725 2015 Bond for Fire Truck & Sand/Salt Shed	\$103,200
Per amortization schedule. \$1,800 less than last year	
0750 2013 Road Construction Bond	\$232,000

#### 2017-2018 County Tax Department 2000

**Total Appropriation Request -- \$727,076** 

#### 0110 County Tax Payment

\$727,076

County tax for 2017-2018 is an increase of \$50,813

## 2017-2018 TIF District Department 9595

Total Appropriation Request - \$216,302	
0050 Street Lights	\$23,000
Moving street lights to TIF until the end of the TIF in 2028	
0175 Infrastructure – Hydrant Rental	\$6,332
Per Portland Water Department	
0200 Waterline Extension Bond Payment	\$59,211
Final debt payment, \$2,271 less than last year	
0300 Route 302 Bond Payment	\$40,523
Final debt payment, \$1,555 less than last year	
0350 Street Flag Maintenance	\$1,000
No change from previous years no request	
0400 Route 302 Corridor	\$30,000
This appropriation covers mowing, lighting, porta potties and general repairs and maintenanc Route 302 Corridor	e along the
0600 Raymond Waterways Protective Association	\$20,000
Request was same as last year	
0700 Raymond-Casco Historical Society	\$1,800
Request was same as last year	
0800 GPCOG Dues	<i>\$4,436</i>
No change per GPCOG	
0850 Economic Development	\$5,000
This was requested from the revitalization committee	
0875 GIS Services	\$25,000

No change from prior year

TO: Don Willard – Town Manager FROM: Sue Look – Town Clerk/Registrar

RE: FY 2017-18 Budget Proposal for Elections, Clerk, and Front Office

Attached please find budget details for Elections, Cemeteries, and TRIO Software for FY 2017-18.

#### **Elections Budget:**

The budget is different than last year for the following reason:

November 2017 will be a Referendum Election and will require fewer Election Workers and probably fewer absentee ballots.

This means a budget decrease of \$683.25 compared to last year.

#### **Cemetery Budget:**

The completion of the Raymond Hill Cemetery expansion was postponed to this year, with a cost of \$10,000 for grading, loaming, and seeding.

With the completion of the Raymond Hill Cemetery expansion I am proposing that we purchase the GIS mapping component of the Pontem software package (that was purchased in FY2014-15) at a cost of \$3,885.

This is the last year of our 3-year contract for mowing, and per the contract the cost increases by \$27.46 per month

		FY 2018-19			
TRIO Software	Initial Cost	Training	Annual Maintenance	Total	Annual Maintenance
Clerk Package			\$500.00	\$500.00	\$500.00
Budgetary & Accounting Package	\$3,500.00	\$800.00	\$900.00	\$5,200.00	\$900.00
Cash Receipting Package	\$2,500.00	\$600.00	\$675.00	\$3,775.00	\$675.00
Tax Billing & Collections Package	\$5,000.00	\$1,800.00	\$1,350.00	\$8,150.00	\$1,350.00
Interfaces - Vision, Payport & MOSES Package	\$2,950.00	\$300.00	\$750.00	\$4,000.00	\$750.00
Motor Vehicle & Rapid Renewal Package	\$3,650.00	\$3,150.00	\$600.00	\$7,400.00	\$600.00
Motor Vehicle Blue Book Package	\$1,650.00			\$1,650.00	\$1,650.00
Total	\$19,250.00	\$6,650.00	\$4,775.00	\$30,675.00	\$6,425.00

#### Front Office Change from Northern Data Systems (NDS) to TRIO Software:

The primary reason we are requesting to move from NDS to TRIO is to increase the efficiency and the accuracy of the transactions performed at the front counter. NDS requires much more manual entry and calculation than TRIO. Manual entry of data poses a risk of error which translates to more time spent searching for and correcting the error. Following is a partial list of the differences between NDS and TRIO:

	NDS	TRIO
We currently use	Budgetary & Accounting Cash Receipting Tax Billing & Collections Motor Vehicle	Dog Licensing (NDS does not have a dog licensing module)
Use of external municipal software – Vision Appraisal	Annual upload of data from Vision to NDS making the data out-of-date most of the year	Vision interfaces with TRIO so new data is readily available
Use of external municipal software  – <b>MOSES</b> (Inland Fisheries & Wildlife)	We must leave NDS Cash Receipting, open MOSES, complete the transaction in MOSES, print the payment page, go back to NDS, manually enter the information from the payment page splitting the state and town fees into as many as 3 different accounts	In TRIO Cash Receipting choose a MOSES transaction, automatically exit to MOSES, complete transaction, at the final payment page go back to TRIO with all fees distributed into pre-programmed accounts
Use of external municipal software – <b>Payport</b> (used to pay via credit/debit card)	We must leave NDS Cash Receipting, open Payport, manually enter the total amount due, process the payment	In TRIO Cash Receipting choose that the payment method is credit/debit card, exit to Payport, process the payment, at end exit back to TRIO Cash Receipting
Process multiple transactions – for example, a truck, a trailer, a boat, a fishing license, and a dog	In NDS Motor Vehicle register the truck, and then the trailer Leave NDS and go to MOSES license the boat and issue a fishing license, in TRIO issue dog license, go back to NDS Cash Receipting and manually enter the MOSES and dog fees into various accounts, then take the paperwork from each of these transactions and add them on a calculator to get the total the citizen owes	In TRIO Cash Receipting, choose a Motor Vehicle transaction and register truck, then choose another Motor Vehicle transaction and register the trailer, choose a MOSES transaction and register the boat and issue the fishing license, choose a dog license and issue license, choose to end the process and tell the citizen the total which TRIO has calculated
Process a new Motor Vehicle registration	Manually fill out a Use Tax Form (sales tax manually calculated) and a Title Application, in NDS Motor Vehicle enter data for new registration, including entering the sales price and sales tax manually into NDS	In TRIO Motor Vehicle enter data for new registration, including sales price, print Use Tax Form and Title Application
History	Keeps current year readily available. Past years are stored in annual download of data.	History remains forever in TRIO unless purged, except for Budgetary which gets archived and then you access it by selecting to change the year
Motor Vehicle Values	For new registrations of a previously owned vehicle we look the vehicle up in "red books" to determine the original MSRP (manufacturer suggested retail price) using the VIN to determine the correct model or asking the owner a series of question (is it 4X4 or 4X2, is it a LT, EX, etc)	TRIO has the "red books" built in and will in most cases find the value automatically

	NDS	TRIO
Answering questions concerning taxes and valuation	First go to NDS Tax Billing, search for the property, answer any questions concerning current taxes, write down the account number, go to NDS Tax Assessing and search by account number to find the assessment information, run a report in NDS to answer any questions concerning past taxes	Basic tax assessing information is accessible from TRIO's Tax Billing screen, as are past years of taxes paid
Motor Vehicle Reconciliation Reports	NDS uses 2 different software products within their product and some Motor Vehicle Reports are run in 1 and the rest are run in the other (this is also true of other modules)	Go to TRIO BMV Reports and run the reconciliation package
Paychex and Rapid Renewal	Each pay period a manual journal entry must be made	TRIO has an import function

I asked Kevin Woodbrey his thoughts (he has worked with TRIO in other municipalities for years) and from a technical perspective:

- TRIO is easier to install, and we would only have TRIO to maintain instead of both TRIO and NDS
- TRIO is cheaper to install because we would no longer need to buy a remote desktop for each workstation
- TRIO has better technical support

The initial cost to implement TRIO is \$19,250, plus \$6,650 for training and \$4,775 for the 1<sup>st</sup> year of maintenance, making the total for the 1<sup>st</sup> year \$30,675. The ongoing, annual maintenance will be \$6,425.

Currently NDS has a cost of \$9,728 for annual maintenance, which is \$3,303 per year more than TRIO. This means that TRIO would pay for itself in a little over 9 years.

#### **Front Office Hours:**

We have had a number of changes over the past year in the Front Office:

We welcome Cathy Ricker as our new Finance Director

Our payroll is now performed via Paychex. We have moved from their Advantage program to their Paychex program (same company, different level of service).

A new Personnel Policy was adopted by the Board of Selectmen

In FY2017-18 we will be implementing our new merit pay based evaluation process.

With these changes, our Human Resource Officer has more responsibilities which require time away from working at the front counter. To compensate we propose the following:

Alice's hours be increased from 15 to 19 hours per week for an annual increase of \$3,542.24.

Cindy's hours be increased from 17 to 19 hours per week for an annual increase of \$1,560.

# Raymond Fire Rescue EMA

2017/2018 BUDGET PACKAGE

### Cover Letter Operations and Capitol Budget 2017-2018 RFRD

Mr. Willard, Budget Committee Members, Selectmen and Citizens of Raymond.

We have prepared a budget which we feel reflects the operational needs of the Fire Rescue and Emergency Management Department in terms of safety and wellbeing of our citizens and membership.

We are vigilant in our pursuit of alternatives to providing cost effective supplies, materials and solutions for the community while providing the highest level of service within the tax tolerance of our community. For example, the cost of necessary maintenance contracts on equipment with a new qualified vendor saved over \$1000 dollars. Researching aftermarket batteries for power equipment rather than purchasing the vender brand name saved \$400 dollars each unit.

We again thank our Fire Rescue Association members for the donations which provide cost savings to the town. This past year the association raised approximately \$14,000 dollars which was earmarked to support the departments capabilities and improve our abilities with new water rescue equipment including a rapid inflatable, towable, water rescue Banana Boat which provides a stable platform to perform rescues in cold and ice water scenarios. This is an area which we identified in our risk analysis as a high probability of occurrence. Recent Association purchases include \$25,000 for a defibrillator, \$10,000 for thermal imaging cameras, and a powerlift stretcher costing \$12,000 to improve provider safety and ability. This past week the Association approved \$5000 dollars to supply all firefighters with a vapor barrier Nomex hoods as part of our firefighter cancer risk reduction program.

Last year we applied for and received a grant for replacement of our large diameter hose and appliances, a cost benefit of over \$75,000 dollars. Currently we have applied for a grant to provide a tanker pumper truck to replace the aging Tank 2, funding for cancer prevention mitigation and screening requirements and compliance with the fire service cancer presumptive care act. We applied for a grant to fund a full sprinkler system for the East Raymond Station. We are applying for a FEMA- SAFER grant which if awarded would take effect in 2018. Past grants of \$110,000 purchased self-contained air packs, \$80,000 purchased new turnout gear. This month we were awarded a State grant for wildland firefighting protective gear worth a total of \$2500 dollars.

With the IRT providing no cost labor, we were able to erect a radio tower on Valley Rd. which cured many of our radio issues. This fall we received two donated 50 foot monopole antennae's from Cumberland County Regional Communications Center which will once installed help build out the remaining radio voter system needs.

We have spoken a great deal about that the hospitals will no longer supply medications and EMS supplies. This has shifted to all ambulance services and will be strictly enforced as of July, 2017. This has impacted our budgets and unfortunately will continue to do so.

We are active in regional purchases to share costs with medical and fire equipment. For example, a \$2500-dollar request has been added to health and safety, a four-way split to share a purchase of the failing worn out fit tester. This is a piece of equipment which is required to meet annual test requirements for all SCBA users.

Staffing is our ultimate concern. All services have been impacted with higher call volumes, increased training requirements, increased risk and we also experience the national trend of decline in available call membership. Area towns continue to add per diem and fulltime staff to maintain service levels and safety. An EMS incident which is our everyday risk and experience consumes many hours of time. Transporting a patient at the ALS level consumes approximately nine man hours. Add to this the 170 plus simultaneous incidents we experience each year requiring additional personnel that further taxes the system. Incidents such as a small woods fire or vehicle crash require more staff than we have on duty. We are covering most evening incidents as members return from work to their homes.

The new minimum wage law change effects the department, new members are paid \$9.50 per hour, we must adjust them to the \$10.00 minimum.

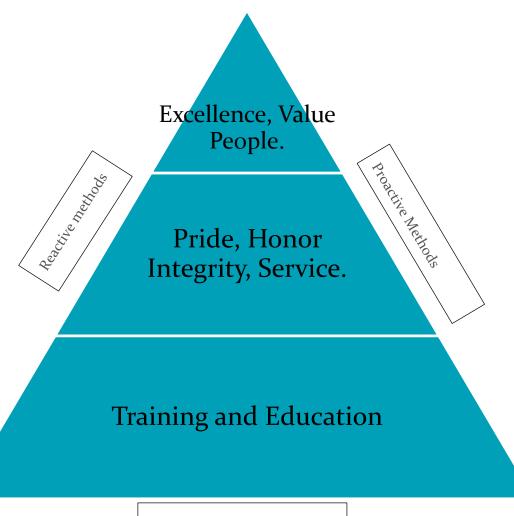

Unfortunately, our staffing system of providing coverage to the citizens is built on call members who have full time jobs, families and other commitments. Our retirees who we are fortunate to have, are experienced but may lack the physical ability required for the job. We have the live-in college students, who are important for manpower needs but require much supervision particularly in the first year as they lack experience in the field. A woods fire or extrication crash will require an incident commander, water supply group, suppression group, safety officer and a great deal of support staff including traffic control creating a need for up to 12 firefighters. We are requesting additional hours to assure a second paramedic on duty during day shift due to higher call volume and a per diem or fulltime staff to provide a day crew of five people. This adds about \$53,000 to our payroll line.

We remain active in our mission to provide excellent services, with the best possible cost control methods. We continue to explore and employ regional approaches which are in the best interest of service to our citizens. We are thankful for the association, federal and state grant programs which have saved hundreds of thousands of dollars for the town. We thank you and the citizens for your continued support.

Respectfully

Bruce D Tupper

Fire Rescue Chief

Leadership and Management

# Public Safety Triangle

January 20, 2017

TO: Don Willard – Town Manager FROM: Sue Look – Town Clerk/Registrar

RE: FY 2017-18 Budget Proposal for Electronic Signs

We currently have 2 signs which require the taking down and putting up of individual letters to change messages. One is a double-sided sign at the Public Safety Building and the other is a single-sided sign at the Town Office.

The Town Office sign was originally built by Kyle Woodbrey as his Eagle Scout project and it has served the town well for several years. Unfortunately, time has taken its toll and the sign is no longer sound. Both signs are time consuming to update and can be very difficult to change in inclement weather.

I think it is important to understand why these signs are necessary. The Town of Raymond makes every attempt to convey to our citizens information concerning upcoming events, important deadlines, meeting schedules, etc. This task is becoming increasing difficult due to the diverse population in Raymond. To generalize, younger citizens are looking toward electronic means, while many older residents still expect to see announcements in the local papers or on our sign. We currently post information on our website, our facebook page, local access TV, and in local papers. Even with these sources of information we have people who use none of these, however most of our citizens either drive by the Public Safety Building or the Town Office, or come to the Town Office to do business.

Electronic signs would add one more way to convey information to our citizens. They would give us the flexibility to post and change messages quickly, regardless of weather. With the current Town Office sign it would take about an hour to choose the letters, post the monthly meetings, and put away the unused letters from the previous month. This left no room for other announcements (Voting Today, Dog Licenses Due, Miss Maine from Raymond, etc).

For the past few years the Select Board has approved the setting aside of some monies toward a new electronic sign at the Town Office (monies left over in the Elections Budget for example) which now totals \$14,370.51. In addition, the Raymond Fire/Rescue Association is in the process of raising money for an electronic sign and expect to raise at least \$12,000.

I sought quotes from several companies and only found 1 company that is local and would do the complete build and installation of the signs. All other companies I contacted were out of state and would send us the sign with installation instructions. Given this I recommend that we go with Neokraft Signs. One of the local signs they have done is the one at Oxford Casino. Also, when I requested a quote their representative came to the Town Office, met with me, took measurements, and produced a rendering which shows clearly how the proposed sign would look. I have shown the proposed design to Deputy Fire Chief Cathy Gosselin and she agrees with me that using the same structure shape at both the Public Safety Building and the Town Office would give us some continuity.

With about \$26,000 on hand and a cost of \$62,000, I would respectfully request that the Town vote to raise and appropriate \$36,000 for 2 electronic signs (a 1 sided sign for the Town Office and a 2 sided sign for the Public Safety Building).

#### **TERMS AND CONDITIONS**

- 1. UPON DEFAULT IN THE PAYMENT OF ANY SUMS HEREIN AGREED, Neokraft Signs, Inc. MAY, AT ITS OPTION, DECLARE THE ENTIRE BALANCE PRICE FULLY DUE AND PAYABLE WITHOUT FURTHER NOTICE TO CUSTOMER; AND WHEN DECLARED, CUSTOMER AGREES TO PAY INTEREST ON SAID BALANCE, WHEN DECLARED DUE AT THE RATE OF 1.5% PER MONTH. CUSTOMER FURTHER AGREES TO PAY ALL REASONABLE COSTS OF COLLECTION OF SAID BALANCE INCURRED BY THE COMPANY, INCLUDING ATTORNEY'S FEES.
- 2. BOTH PARTIES HERETO AGREE THAT THE TITLE TO SAID ELECTRICAL SIGN SHALL REMAIN IN THE COMPANY UNTIL PAID FOR IN FULL, BUT AFTER DELIVERY TO THE CUSTOMER ALL OF DAMAGE FROM FIRE OR OTHER CAUSES AFTER SAID DELIVERY SHALL BE ASSUMED BY SAID CUSTOMER AND WILL NOT EFFECT THE RIGHTS OF THE COMPANY TO ENFORCE OF THE PURCHASE PRICE THEN UNPAID.
- 3. Neokraft Signs, Inc. WARRANTIES ARE ONLY VALID IF FULL PAYMENT IS RECEIVED WITHIN 30 DAYS OF INVOICE DATE.
- 4. UNLESS OTHERWISE INDICATED IN THIS PROPOSAL, CUSTOMER IS RESPONSIBLE FOR OBTAINING PERMITS, PROVIDING ELECTRICAL SUPPLY AND FINAL ELECTRICAL CONNECTION TO SIGN(S) AND APPROVAL OF SIGNAGE LOCATIONS PRIOR TO INSTALLATION. WITH APPROVED SIGN LOCATION, THE CUSTOMER ASSUMES RESPONSIBILITY FOR LOCATION OF SIGN RELATIVE TO PROPERTY LINE AND PUBLIC RIGHTS-OF-WAY. THE CUSTOMER WILL BE RESPONSIBLE FOR ALL COSTS ASSOCIATED WITH SIGN RELOCATION IF REQUIRED BY MUNICIPAL OR OTHER GOVERNING AUTHORITY, INCLUDING ANY PENALTIES OR FINES.
- 5. ALL IDEAS, PLANS OR ARRANGEMENTS INDICATED ON THESE DRAWINGS ARE COPYRIGHTED AND OWNED BY NEOKRAFT SIGNS INC. AND SHALL NOT BE REPRODUCED, USED BY OR DISCLOSED TO ANY PERSON, FIRM OR CORPORATION WITHOUT WRITTEN PERMISSION OF NEOKRAFT SIGNS INC.
- 6. NEOKRAFT GUARANTEE APPLIES ONLY TO NEW MATERIAL AND DOES NOT COVER RETROFIT OR REPAIR TO EXISTING SIGNS.
- 7. DELAYS CAUSED BY UNFORESEEN DIGGING OBSTRUCTIONS (ROCKY FILL, SHALE, OR A HIGH WATER TABLE, ETC.) MAY REQUIRE AN ADJUSTMENT TO THE QUOTED INSTALLATION PRICE. THE CUSTOMER WILL BE NOTIFIED AND BILLED ON AN HOURLY BASIS.
- 8. INSTALLATION OF ILLUMINATED LETTERS ASSUMES CLEAR ACCESS, IN ACCORDANCE WITH ELECTRICAL CODE, TO BE PROVIDED BY THE CUSTOMER. OBSTRUCTIONS MAY REQUIRE AN ADJUSTMENT IN QUOTED PRICE.
- 9. THIS PROPOSAL DOES NOT INCLUDE ANY LOCAL, STATE, OR FEDERAL TAXES.
- 10. THE LAMPS(S), OR SIGN(S), LISTED ON THIS PROPOSAL CONTAIN MERCURY, A TOXIC SUBSTANCE THAT ACCUMULATES IN PLANT AND ANIMAL TISSUE WHEN RELEASED TO THE NATURAL ENVIRONMENT. TO MINIMIZE MERCURY RELEASES, THE STATE OF MAINE PROHIBITS DISPOSAL OF THE LAMPS IN THE TRASH. SPENT LAMPS SHOULD BE STORED TO AVOID BREAKAGE AND RECYCLED IN ACCORDANCE WITH THE MAINE HAZARDOUS WASTE MANAGEMENT RULES, AS OUTLINED IN DEP'S MERCURY-CONTAINING LAMP POLICY. NEOKRAFT SIGNS INC. IS QUALIFIED TO ACT AS A CONSOLIDATOR OF UNIVERSAL HAZARDOUS WASTE, AND WILL FORWARD LAMPS TO A QUALIFIED RECYCLER IN ACCORDANCE WITH APPLICABLE REGULATIONS.

THIS PROPOSAL DOES NOT BECOME EFFECTIVE UNTIL SIGNED AND DATED BY THE COMPANY; ONCE SIGNED THIS PROPOSAL WILL EXPIRE AFTER 360 DAYS.

THE ABOVE PRICES, SPECIFICATIONS, AND CONDITIONS ARE SATISFACTORY AND ARE HEREBY ACCEPTED. YOU ARE AUTHORIZED TO DO THE WORK AS SPECIFIED. PAYMENT WILL BE MADE AS OUTLINED ABOVE.

From: Jack De Beradinis, Executive Director, Regional Transportation Program (RTP)

Date: January 3, 2017

#### Re: Funding Request for Lakes Region Explorer FY 7/1/2017 - 6/30/2018

I am writing to request financial support in the amount of \$9,656 from each the five towns along Route 302 served by RTP's Lakes Region Explorer, namely: Bridgton, Naples, Casco, Raymond and Windham. I have included budgetary information along with an update on our service to the Lakes Region. Please consider this proposal separate from RTP's annual funding request to supplement our demand/response and shopper shuttle transportation to your communities.

As stated in my funding request last year, this public bus service is made possible through the efforts and support of many individuals, businesses and governmental entities that work closely with RTP. Our key partners in this endeavor include the five towns named above, the Federal Transit Administration, MaineDOT, GPCOG, Opportunity Alliance, Cumberland County, Department of Energy, Bridgton Transit Association, Community Transportation Association of America and local newspapers, etc.

As you may recall, RTP implemented the Lakes Region Explorer service three years ago. This service provides four round trips from 6:00 AM to 10:15 PM between Bridgton and Portland each weekday with connections to the Metro bus system. In addition to the scheduled stops, the driver will make a few extra pickups and drop-offs along the way providing such accommodations are safe and do not cause the bus to run behind schedule. Our bus is lift-equipped with a Wi-Fi connection and bike rack. The driver will initiate text alerts for service delays and our connection to goggle transit enable riders to view the stop areas from their cell phones.

In the first year of service, RTP provided less than 4,000 one-way trips (boardings) for individuals going to work, medical appointments, shopping, school, summer camps, recreation and personal visits. During the second fiscal year ended September 2015, the Explorer provided 5,966 trips while in FY 2016, we provided 8,814 trips representing a 48% increase over the prior year. Based on past surveys and input from a number of sources, RTP plans to add a Saturday service with three round trips between Bridgton and Portland. Continued promotion and utilization of our service along with new riders subsidized under Windham's CDBG grant should increase our trips to 10,000 in the coming year. As you can see in the attached budget, RTP will pay for the increased operating costs including the Saturday service with additional fare revenues and government grant subsidies. There will be no increase in the funding requests to towns served.

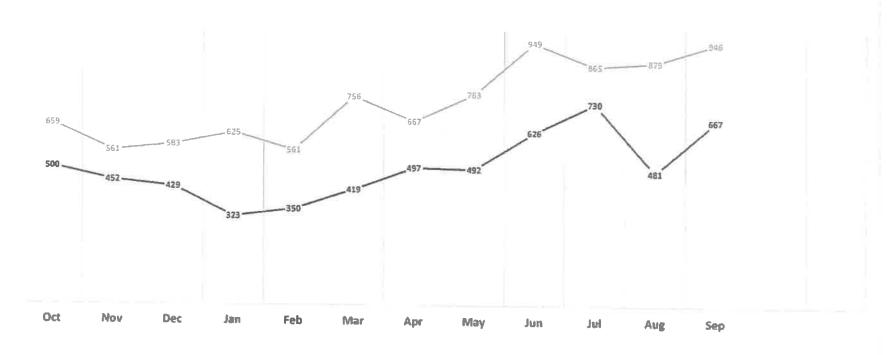

The Lakes Region Explorer not only provides low-cost public transportation to and from several points between Bridgton and Portland, but should also serve to enhance aspects of the region's economic and community development. Connectivity in rural areas is key for those who need access to essential services or other life pursuits but are dependent on public transportation for reasons of cost, age and convenience. Beyond this, the Explorer has been present at holiday celebrations in the region and will continue to provide residents free transportation to and from the Maine Blue's Festival held in Naples. We endeavor to become an important public service to your communities.

The attached budget indicates total revenues of \$142,000 with 34% or \$48,280 from the five towns served. RTP will apply the difference of \$93,720 from federal grants and fare revenues. Total expenses amounting to \$142,000, which includes the addition of Saturday service, relates to staffing and the operation of the Explorer and its backup bus. As indicated in last year's funding request, RTP is a small nonprofit agency that continues to struggle with its own financial issues to provide transportation to the disabled, elderly and low-income residents of Cumberland County, we remain dependent on the five towns served by the Explorer to continue their individual contribution of \$9,656. Also attached is information on last years "Boardings from Town Stops" and a chart showing the 48% increase in utilization of the service between FY 2015 and 2016.

Thank you for your consideration.

## RECOGNITION AWARD

Presented to the

Regional Transportation Program's
Lakes Region Explorer

for Best Practices in Regional Collaboration,
Economic Development,
and Improved Municipal Service

The Greater Portland Council of Governments commends the Regional Transportation Program for the growing success of the Lakes Region Explorer bus service. This excellent regional initiative provides public transportation along a crucial link of the Route 302 Corridor connecting the Lakes Region communities to Portland. This year the Lakes Region Explorer travels to and from Bridgton offering several new stops along the way. Community Development Block Grant funding was applied for and received to subsidize fares for low-to-moderate income riders in the Lakes Region communities. It has become a convenient and viable public transportation option in the Lakes Region.

Greater Portland Council of Governments

Subject: Request for mowing funding for Raymond Rec for 2016-2017 fiscal year

From: "Leigh Walker" < Lwalker4@maine.rr.com>

Date: 1/3/2017 8:58 AM

To: "Cathy Ricker" <cathy.ricker@raymondmaine.org>

Hi Cathy,

As Treasurer of Raymond Recreation Association, I respectfully request the appropriation of \$2000 for the 2016-17 budget year for the mowing of the Agawam fields. I am not sure if you need this letter from Beth Clark, our president, or not. If you do, I can email her and have her send this to you. If you need certain wording, let me know and I can edit as needed.

Thanks, Cathy,

Leigh

Dear Don,

I have included two documents for your information. The first one is our current income and expense statement. Our fiscal year runs from April 1<sup>st</sup> to March 31<sup>st</sup> as the end of March is the only time of year when we do not have programs overlapping. So our current income statement is not a complete fiscal year. The other is our final income statement from last year.

Our costs continue to increase with cost of insurance going up, and new needed background checks on all of our volunteers. While we have been able to manage the increasing costs, without your support of the \$2000 for mowing, our pricing may go to a level that is out of reach for many families.

This year our soccer program indicates that we made money but there are some one-time income opportunities that are not a part of our regular program. We bought new smaller goals for our 4/5/6 grade program <u>last year</u> and as a result were able to sell our larger goals to Agawam this fall. That revenue was reflected in the soccer income line. The soccer program also ran a small concession stand to help out with the program expenses. The major costs of the soccer program after the mowing fee of \$2000 are the cost of t-shirts, painting the lines of the fields every year which is done by volunteers, the cost of soccer balls, medical kits, ball inflators and ball bags. In addition to that we have the general organization costs of insurance and background check as noted above. We are also now responsible for custodial fees for the gym for our basketball program. Every program has seen increased fees as a result of the added expenses.

I am happy to answer any questions you have about these documents or about the finances of Raymond Rec. We appreciate your continued support of our program.

Sincerely,

Leigh Walker

Treasurer

Board of Trustees

Mr. Don Willard Raymond Town Manager 401 Webbs Mills Road Raymond, ME 04071

Sheila Bourque President

Dear Don,

Paul Cullinan Vice-President

Dear Dor

Leigh Walker Treasurer Enclosed please find a copy of our budget for the 2017-2018 Fiscal year along with our current financials. We have provided the revenue statement and a statement of financial position both through December 31st.

Janet Walker Secretary

This year the Board has focused on making our financial reporting as transparent as possible, both for ourselves and for the public.

Kim Allen

Louise Lester

Whitney Lucas

Margaret Thornton

We have also focused on our fundraising. We have met our goals on both our holiday fundraising events and on our Annual Appeal. Both the Garden Tour and the Plant Sale are in their planning stages and look to be strong fundraisers as well.

#### 2016 has been a year of change:

- We have brought on a new Library Director, Allison Griffin, and three new Board members
- Starting in February, we are adjusting our hours to better serve our community by being open on Saturdays, while reducing our hours where the library is used the least.
- We have optimized the layout of the library so the aisles are easier to navigate, reading chairs and tables are better suited for patron use and the children's area has its own space.
- We have increased computer availability our internet speed.
- We have two Kindle Fires loaded with bestsellers that are available for circulation

#### What hasn't changed:

- Our staff and volunteers are the core of our success
- The community that supports our library though financial and in-kind donations, and volunteers their time and talents
- Our strong storytime and children's programming
- Our desire to provide quality library services and programming for our community

This year we are respectfully requesting \$60,000. This represents an increase of \$4000 over last year. This incremental amount is being earmarked for our ADA (American Disabilities Act) bathroom project. We discovered that our bathroom was not ADA compliant and we want to ensure that everyone has access to our library. We have a privately funded challenge grant that will provide \$4000 for this project and we are requesting \$4000 from the town as well.

We are grateful for the past financial support from the town and appreciate your consideration of this request.

Sincerely,

Leigh Walker

Treasurer, Raymond Village Library

TIF Category Appeal to the Town of Raymond Finance Committee/Select Board for Raymond Waterways Protective Association (RWPA), the milfoil people

Who are we and what do we do? RWPA is a watershed protective and conservation organization made up of like-minded Raymond residents and landowners dedicated to protecting all of Raymond's lakes, ponds, rivers and streams from invasive aquatic plants. If not checked these invasive plants could infest our waterways forcing out native plants and creating unsightly mats of thick vegetation that could interfere with normal fishing, swimming, boating and enjoyment of our waterways. We train and employ Courtesy Boat Inspectors (CBI) at four town boat launches, including the very busy one at Raymond Beach, to educate and inform boaters of their responsibilities to minimize the hazards of transporting invasive weeds between lakes. We also operate DASH, Diver Assisted Suction Harvester, boats, essentially pontoon boats equipped with large suction hoses, a pump and a means to sift out invasive plants that divers uproot from the bottom of lakes and rivers and vacuum up through the hoses. The uprooted plants are collected on board the boats and off-loaded on shore for composting. Our work sensitizes the public to the threat of invasive plants, educates boaters and shoreline property owners, and protects property values and the town tax base while providing summer jobs for residents.

What did we do with the money we received from the Town of Raymond in 2016 (\$20K)? Last year's money went to pay labor costs in our DASH program for our boat captain, deck tenders, divers, and activity supervisor. Our pay rates, while low are compliant with the new minimum wage requirements. Additionally, Maine State DEP mandated that we convert our operation from a Hookah system (think gas powered air pump floating in a tube pumping air through hoses and regulators to multiple divers) to an all self-contained underwater breathing apparatus, or SCUBA. This operation and compliance with OSHA commercial dive standards required additional training and documentation. The equipment alone cost us over \$7000 for tanks, hoses, regulators, buoyancy compensators, safety valves, wet suits, etc. We were able to work out a cooperative arrangement with Raymond Fire and Rescue to fill our tanks at their facility. We also paid CB inspectors at the four public ramps in Raymond for most weekends from Memorial Day through Labor Day.

While the new DEP/OSHA requirements slowed the start of our harvesting season we still managed to survey all known milfoil areas; performed maintenance activities at several places we had worked hard in the past; repositioned tarps or benthic barriers on the approaches to the Bay View Canals; and, continued our experiment with burlap barriers in the Upper Jordan River as well as hand-pulling the areas where we could. We hit several of the areas within the Bayview Canals hard as there is a heavy infestation there and finished up the year with end-of-year surveys to determine our success rate and inform our work plan for this coming year.

If the Town of Raymond decides to fund us this coming year (\$20K requested -no change) what will we do with the money? Our operational costs do not vary that much from year to year and remain fairly constant. What will make this year a challenge for us will be the replacement of our main DASH II engine. It is a 30-year old 50 HP Mercury outboard that is so old parts are becoming very hard to get. At

the end of the season it stopped running altogether, stranding the boat in Turtle Cove. With the drought conditions there, extraordinary efforts were needed to return it to Port Harbor Marine. Imagine RWPA volunteers up to their waist in muck and others aboard with staves pushing to get the boat in deep enough water to operate a tow boat! The PH mechanic estimated that repairs would exceed \$700 *IF* they could find the parts, and he could not guarantee that it would operate very long even with the parts and a tune up. We have advertised our needs in a wish list appeal to our membership but, realistically, we need to budget for a replacement which could cost anywhere from \$3000 to \$10,000 for a reliable used motor.

Figure 1. RWPA Operational Area

RWPA's summer crews worked hard and removed lots of variable leaf milfoil, especially from the Bayview Canals area. They surveyed the previously cleaned shores—Turtle Cove, Mason Cove, Port Harbor Marina—several times, and removed whatever remnants of milfoil they found. Using the survey system on these areas, here are the numbers:

- Turtle Cove: Spring 2016--2% infestation; Fall 2016--.3% infestation
- Mason Cove: Spring 2016-- 5% infestation; Fall 2016--.4% infestation
- Port Harbor Marina: Spring 2016--11% infestation; Fall 2016-- 1% infestation
- Bayview 'Beach' Canal: Spring 2016--20% infestation; Fall 2016--13% infestation
- Bayview 'Birch' Canal: Spring 2016-- 93%, infestation; Fall 2016-- 38% infestation
- Bayview Beach Between Canals: Spring 2016-- 4% infestation; Fall 2016-- 0 plants!

In spite of all the hard work our crews have done these past seasons, the milfoil is persistent. We need to keep going back again and again, removing whatever we find.

Raymond Town Manager

401 Webbs Mills Road

Raymond, Maine 04071

Dear Don,

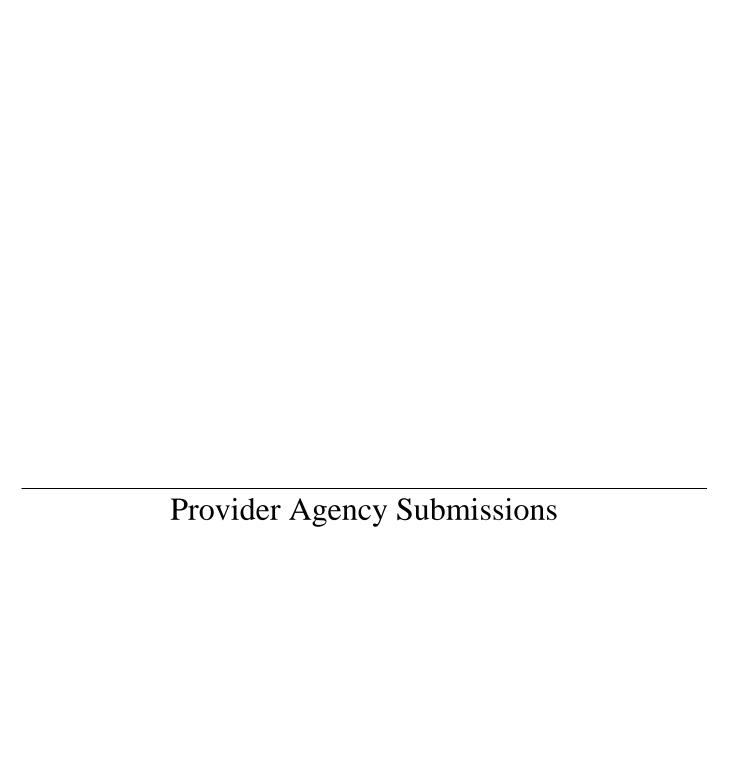

The Historical Society requests that the Town of Raymond again budget \$1800 for the operational support of the society and museum for the year 2018.

The Raymond Casco Historical Society is a charitable, educational and non-profit organization that devotes its resources to the collection, preservation and interpretation of materials documenting the history of the towns of Raymond and Casco.

We sincerely thank the town for our past support and we need the help to keep this all volunteer organization functioning.

Pamela W Grant

Dear Don;

Your support of the **Sebago Lakes Region Chamber of Commerce** has enabled us to accomplish so much over the years, and our renewed partnership will continue to help Raymond and the region thrive. Through the support and loyalty of our members and community leaders like you, we are creating a stronger, more unified and prosperous business community in the Sebago Lakes Region.

Some benefits that positively impact the Town of Raymond include:

- Viable marketing and networking opportunities for you to promote the goods and services of your businesses and community, such as our: Business Breaks, Morning Momentum Breakfast Speaker Series, SLRCC Bi-Weekly E-Newsletter, weekly email blasts, Chamber website page, inclusion in our annual Business & Tourism guide, active social media presence on Facebook, Twitter and LinkedIn and much more!
- New discounts on email marketing with Constant Contact, group insurance programs with Anthem's Chamber BlueOptions and a large variety of member-to-member discount offerings.
- Improved access to business resources and potential customers via the new Members Only section of our website (featuring a free download of the up-to-date SLRCC member listing), our Professional Development Scholarship Program and bi-weekly legislative and small business resource email updates.
- Regional Branding Campaign currently in its second phase. Phase one included the installation of regional brand signage in all (10) of our communities. Phase two involved the production of a cable t.v. program highlighting the region and its desirability as a place to live, work and play.
- Feed the Need Initiative raising over \$100,000 over the past five years, with 100% of the proceeds benefiting our local food pantries in our 10 town region. The town of Raymond has received over \$8,500 since the start of our campaign. (*Proceeds are based on the number of individuals served*)

When engaging and supporting the Sebago Lakes Region Chamber, the town of Raymond is making an investment towards improving your community and the region as a whole. With your financial support of \$250.00, your annual dues payment (a municipal rate based on population), you are positioning the Sebago Lakes Region as a better place to live and work.

## YOUR IMAGE IS OUR BUSINESS

Attn: Town of Raymond Finance Committee

Subject: Windham/Raymond Community Calendar 2018

This letter is to request the funds of \$750/year to sponsor the Community Calendar. These funds will enable The Town of Raymond to supply an excel list with town events to be inserted into the calendar individually, sponsor recognition on the front of the calendar, contact info/town resources/emergency info in the back of the calendar, and submit monthly updates for the updated version of the calendar that is printed in the newspaper.

The Town of Raymond has been a sponsor for 2015 and 2016 and with the local business support as well as the veterans and non-profits support and feedback the calendar will continue to be an annual resource for our community.

The goal is to have a top of mind resource in community member's homes that will increase participation and acknowledgement of local resources, activities, and events.

If you have any questions, please feel free to contact me at:

Kelly Mank, President of Time4Printing, 588 Roosevelt Trail, Windham, ME 04062 or I can be reached by phone at 207-894-5600 or email at <u>Kelly@Time4Printing.com</u>.

Thank you!

Kelly Mank

#### Provide Immediate Assistance to Families in Raymond

The American Red Cross responds to nearly 70,000 disasters each year, and the vast majority of those are home fires. While we work in communities nationwide to help prevent these tragic events, we also need to be prepared to respond locally when they occur.

The Red Cross is committed to meet the emergency needs of each and every family in Raymond. The Red Cross is there to help and last year, we served 101 people from across Cumberland County but fortunately no people from Raymond. In FY2016, the Red Cross has responded the emergency needs of 807 people from 345 families in Maine!

The American Red Cross respectfully requests a municipal allocation in the amount of \$250 from the residents of Raymond for the coming year.

Within minutes of learning about a home fire, local Red Cross volunteers are on the scene providing care and comfort to those affected. One way we help is by ensuring that their immediate needs, such as food and shelter, are met. We do this by providing families with client assistance cards, which they use to purchase essential items that were lost in the fire. This special card often represents the first step in recovery following a home fire, but we need your continued support to offer these vital financial resources to your neighbors.

The Red Cross must be ready to respond to a family or the larger community in need whenever and wherever a disaster may strike and that constant state of readiness requires the generous municipal, corporate, foundation and individual financial support. The Red Cross is counting on the people of Raymond.

All Red Cross disaster relief is provided free of charge to individuals and families. The American Red Cross is not a government agency. Though our services are congressionally mandated, the American Red Cross relies on voluntary contributions from individuals, companies, municipalities and charitable organizations in order to deliver on our mission to alleviate human suffering.

The biggest disaster threat to Maine families isn't floods, hurricanes or tornadoes; it's a home fire. The American Red Cross responds to a disaster every eight minutes and nearly all of these are home fires.

The Red Cross must be there 24 hours a day to answer the call and with the support of neighbors like you, we will always be ready.

Warm regards,

Caroline King Executive Director American Red Cross 207-272-9561

Caroline.King3@redcross.org

PS: Please feel free to contact me if you would like any additional information about Red Cross services or if you would like to have a Red Cross representative speak at your town or committee meetings.

## **Support Home Fire Relief**

More people die in home fires each year than in many major natural disasters. With the proper tools and information, these tragic events can be prevented and lives can be saved.

#### Commitment to Making an Impact

The American Red Cross launched the **Home Fire Campaign to reduce the number of fire-related deaths and injuries by 25 percent over the next five years.** The campaign provides families and communities with the tools and information they need to prevent and prepare for home fires.

Fire experts agree that people may have as little as 2 minutes to escape a burning home.

But many families haven't taken key steps that would help them act quickly during a fire. According to a survey for the Red Cross:

52% of parents with children ages 3-17 have not talked to their families about fire safety.

70% of families with children have not identified a safe place to meet outside the home.

82% have not practiced home fire drills

#### **Red Cross Response to Home Fires & Other Disasters**

The Red Cross is focused on Disaster Relief to help families and communities prepare for, respond to and recover from home fires and other disasters.

The Red Cross responds to nearly 70,000 disasters each year, the majority of them home fires. We help those affected to recover by providing them with the long-term support they need to get back on their feet. We also help families and communities prepare for and prevent home fires through initiatives like the Home Fire Campaign.

Town Manager, Don Willard Town of Raymond 401 Webbs Mills Rd. Raymond, ME 04071

Subject: Application for Outside Agency Funding

Requested Amount: \$1000

Dear Don,

The Greater Bridgton Lakes Region Chamber of Commerce is grateful to present its annual request for funding to the Town of Raymond. Our request is for the fiscal year July 1, 2017 through June 30, 2018 in the amount of \$1000.

I would like to stress that the Chamber utilizes this stipend to promote the Town of Raymond, and presents the town as a premiere Visitor's Destination year round. Our request is to increase the distribution of our 2017 Area Guide (which will also reflect some new changes). The chamber feels that we would attract substantially more visitors to our area with increased distribution.

Your support, indicates a respect for our organization's ability to use this stipend wisely. Our website shows each of the towns we service with a link to each town's website, including Raymond. On the homepage is a slider of beautiful photos of the area, as well as a page linked to a video highlighting the community. We have done a major renovation of our Chamber building so that we make a good first impression to all who visit and live in the area. We are committed to providing our members superior service, personalized attention and support. Realizing that our area is more visitor oriented, many have switched to our Summer Program, were members can pay their dues yearly with a summer-month annual renewal date, instead of at the end of the year, when income decreases, heating bills begin and holidays put a hindrance on paying the annual dues.

As in every year, we have been forced to examine all of our expenditures very carefully. Membership stabilized this year, and as I look at the number of businesses out there that are not members yet, I am optimistic that we will be able to increase membership, some of which are located in Raymond. Although we will end the year with a positive cash flow, necessary cuts have been made to our 2017 budget. Support from our member towns is extremely important to stabilize our ability to promote our towns and we sincerely hope that the Town of Raymond will continue its support by granting our request.

Sincerely.

Sue Mercer, Executive Director

Serving the Towns of:

November 7, 2017

Town of Raymond 401 Webbs Mills Road Raymond, ME 04071

Raymond Citizens:

We are truly LifeFlight of Maine: In fiscal year 2016, LifeFlight completed 1799 missions, the highest number yet, and the need for these services continues to increase each year. 1543 of those critical care patients were residents of 319 towns in Maine. Since 1998, we have completed more than 20,000 missions and have directly touched lives from all but 13 towns in the state.

LifeFlight was founded on the belief that every person in Maine should have access to critical care when and where needed, regardless of location or ability to pay. LifeFlight's charity care and bad debt is projected to be over \$2 million in fiscal year 2017, and we must fundraise for aircraft, medical equipment and infrastructure improvements.

#### Transports of Raymond residents:

1998-2011	2012	2013	2014	2015	2016	total trans to date
13	2	0	3	4	1	23

**Support from communities:** 138 Maine municipalities, or over 30%, have now made voluntary donations in support of this work, and most do so each year, in amounts ranging from \$100 to \$2,500. We suggest a donation of \$1 per resident, but understand that town finances are challenging and appreciate support in any amount.

**Direct impact**: Through fundraising efforts, LifeFlight has added an airplane to the fleet that completes longer distance flights, and flies in inclement weather. In early 2017, we will put a third helicopter into service. The additional aircraft means a significant increase in LifeFlight's availability for Raymond residents, who may need transport to local hospitals or to Boston for specialized lifesaving procedures.

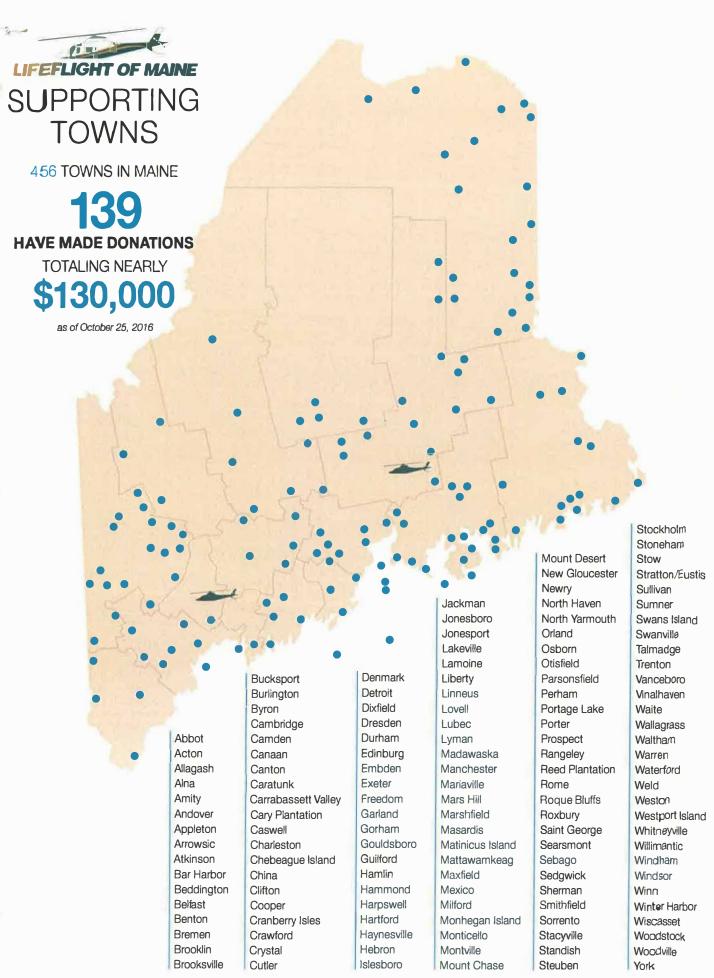

Please consider a donation of \$1109 this year. Your gift goes to purchase aircraft and medical equipment, install helipads in communities, and upgrade weather and GPS systems around Maine that make the airspace safer for all flight. Please contact Christine deLorimier at 230-7092 or <a href="mailto:cdelorimier@lifeflightmaine.org">cdelorimier@lifeflightmaine.org</a> with any questions or discuss having a LifeFlight representative at a Raymond meeting. Thank you for your consideration.

Sincerely,

Thomas Judge

LifeFlight of Maine and LifeFlight Foundation

December 28, 2016

Mr. Don Willard Town of Raymond 401 Webbs Mills Road Raymond, ME 04071

Dear Mr. Willard,

I am writing today to request support from your community in the amount of \$100 for Maine Public for 2017.

Maine Public – yes, a new name! – remains committed to better serve, inform and entertain communities like yours across Maine. We focus on Maine stories and Maine people and are well aware that access to quality programs and information should have few barriers to individuals and families no matter where they reside in our state.

To that end, we continue to provide Maine Public Television, our primary television channel, and The CREATE Channel for free over the airwaves. This year we are especially excited to add another free over the air channel focused on kids and education called the PBS Kids Channel. Children and parents across Maine will have access to this channel and enjoy the safe and instructive content that PBS provides through its children's programming.

Access is also a theme of our radio signals. We have two now, Maine Public Radio and Maine Public Classical, that serve the state. In the case of Maine Public Classical, we are carefully building an entirely new network and with five transmitters currently in the fold, we can now reach over 500,000 Mainers with a terrestrial radio signal dedicated to classical music, jazz, and opera.

We remain focused on offering more in-depth coverage of events and issues in Maine and explore how national and international events might affect our state. Our reporters cover the entire state and their work is heard throughout the day on Maine Public Radio and on our website. Our afternoon call-in news show, *Maine Calling*, continues to grow a passionate audience as they touch on issues that affect all Mainers. And we are continuing to develop new programs that we think your community will really enjoy. We are about to launch a new program called the Maine High School Quiz Show that will feature students from schools across Maine competing in a battle of wits.

All of our work is only possible through support from communities like Raymond. We ask you to consider our request for Maine Public this year.

Sincerely,

Pam Smart

Maine Senior Games	4	

- A gift of \$500 to SMAA this year would equate to contributing \$6.17 to the cost of each older Raymond resident who receives Agency services.
- The Agency is receiving the same level of governmental funding in 2016 as it did in 2006. As the demand for services continues to grow, SMAA is investing in innovative sustainability strategies, and relying on the continued support of individuals, foundations, corporations and municipalities to help sustain our programs and address the needs of our overwhelming aging population.
- Between 2000 and 2010 the number of Raymond residents age 60 and older increased by 49% or 305 people.

<sup>\*</sup> Cost to serve one client at the Southern Maine Agency on Aging is \$256

FISCAL YEAR 2017 REQUEST FOR FUNDING TO: Town of Raymond

FROM: Southern Maine Agency on Aging

Date: December 5, 2016

2017 REQUEST AMOUNT: \$500

#### THE SOUTHERN MAINE AGENCY ON AGING - WHAT DO WE DO?

Since its founding in1973, the Southern Maine Agency on Aging (SMAA) has provided residents of York and Cumberland counties of Maine with resources and assistance to address the issues and concerns of aging. The Agency staff of 120 and corps of more than 600 volunteers serve 25,000 people each year. SMAA's many programs and services are designed to help meet our mission of improving the quality of life of older adults, adults with disabilities and the people who care for them.

Older and disabled adults and their caregivers benefit from how the Agency addresses: hunger and nutritional health, economic challenges, care management issues, long-term care planning, health challenges, caregiving challenges, and financial fraud and exploitation of the elderly.

The Agency works collaboratively with many partners including Legal Services for the Elderly and other social service organizations, to maximize its service and recruits and supports a corps of volunteers who work for both Agency programs and in the larger community with other nonprofits.

In January 2016, the Agency opened the doors of the 10,000 square foot, state-of-the-art Sam L. Cohen Adult Day Center in Biddeford. The Sam L. Cohen Center serves older adults living with dementia and their family members. The Center has replaced the overcrowded and outdated Truslow Center in Saco, and was the result of nearly ten years of research in the design and programming of forward-thinking adult day services.

In the short time it has been opened, the Cohen Center has gained national attention as the most advanced and state-of-the-art adult day center in New England, and possibly the country.

#### **HOW DO WE SERVE RAYMOND RESIDENTS?**

Last year, the Agency served an estimated, unduplicated total of <u>81 Raymond residents</u> through a myriad of services, classes, support groups, counseling, nutritional support, and more.

#### The value of the services provided to Raymond residents last year totals \$20,736. Last year:

- 14 Raymond residents received guidance, participated in classes and/or support groups to help better understand and manage their caregiving role through the Family Caregiver Support Programs;
- 24 residents received Medicare and other insurance counseling. In addition to helping choose the best coverage for each individual, Agency volunteers assisted in saving participants hundreds and often thousands of dollars on yearly insurance and prescription costs;

We offer hope

Mr. Donald Willard Town of Raymond 401 Webbs Mills Rd Raymond, ME 04071

Dear Mr. Willard:

For more than 60 years, Tri-County Mental Health Services has been offering hope, healing, and recovery to those who face the challenges of mental illness, substance abuse, developmental disabilities, and more. We deliver state-of-the-art treatment that is trauma-informed, recovery-based, and integrated to thousands of Mainers each year.

Tri-County Mental Health's services provide significant benefits to the health, well-being, and economic strength of an entire community, often making it possible for people to maintain employment and independence and helping keep families together and strong. Some who turn to us are fortunate enough to have insurance to cover the treatment they need. Many others, however, depend on funds contributed by municipalities, family, friends, the United Way, businesses, and community leaders to ensure their access to the care.

Over the past year, Tri-County was honored to serve 19 individuals from the Town of Raymond, including one who relied solely on donated funds to access the services and programs he or she needed. The outcomes-driven, recovery-oriented, and cost-effective services we provide across the state include outpatient counseling for adults and children, 24-hour crisis services and crisis stabilization, substance-use disorder treatment, and Behavioral Health Home programing that is delivered by an integrated team of professionals.

In support of the services Tri-County provide services to residents of the Town of Raymond, we asking you to consider a making commitment of \$500 to ensure that all who need our help get the care they need. Tri-County Mental Health uses town contributions to fund direct treatment services for people who have no pay source and no means of payment. Those in need of help might include people who lost their healthcare coverage and are not eligible for MaineCare or others who have exhausted the limited funding available to them and still require services. We hope you will help us continue to make the quality care that people, families, and communities need available those who need it by making a contribution of this year. If I can provide e additional information, please contact me or Marci Bernard, director of development and community relations, at 207.783.4663 x158 or mbernard@tcmhs.org. We would be more than happy to meet with you and other leaders of your community if that would be helpful.

Sincerely,

Catherine R. Ryder, LCPC, ACS

**Executive Director**
