20 **3. Municipal authorization needed.** Authorize caregiver retail stores, registered
21 dispensaries, cannabis testing facilities and manufacturing facilities that are not operating
22 on the effective date of this section to operate in the municipality unless the municipal

34 Notwithstanding any provision of this chapter or the rules adopted pursuant to this
35 chapter to the contrary, a caregiver retail store, registered dispensary, cannabis testing
36 facility or manufacturing facility that, prior to January 1, 2026, was issued by the

39 store, registered dispensary, cannabis testing facility or manufacturing facility to obtain a
40 completed form provided by the department to demonstrate municipal approval or other
41 local authorization, or based solely on the failure of the municipality to adopt or amend an

30 possible review all public forms and guidance documents issued or made available by the
31 office to determine whether such forms and documents comply with the requirements of
32 the Maine Revised Statutes, Title 22, section 2422-A, subsection 3. The office shall ensure

3 Medical Use of Cannabis Act, and shall otherwise ensure that such information is no longer

5 SUMMARY

6 This bill makes the following changes to the Maine Medical Use of Cannabis Act.

7 1. It amends the definition of "caregiver retail store" to clarify that it is a retail store
8 with regular business hours at a location accessible to the general public where a registered
9 caregiver sells cannabis paraphernalia, cannabis plants, harvested cannabis, related
10 supplies or educational materials to qualifying patients without an appointment and other
11 items to the general public. It provides that a caregiver retail store does not include an
12 office at a location not accessible to the general public where a registered caregiver
13 provides consultation services, cannabis paraphernalia, cannabis plants, harvested
14 cannabis, related supplies or educational materials to qualifying patients by appointment.

15 2. It prohibits the Department of Administrative and Financial Services, except where
16 explicitly authorized or directed by law, from requiring a registered caregiver, registered
17 dispensary, cannabis testing facility or manufacturing facility to use a form issued by the
18 department in complying with the requirements of the Act or of adopted rules and from
19 issuing a guidance document or memorandum to such persons regarding compliance by
20 those persons with the requirements of the Act or of adopted rules. The bill directs the
21 department's Office of Cannabis Policy to, as expeditiously as possible, rescind and
22 remove from public availability any noncompliant forms and guidance documents or
23 memoranda.

24 3. It repeals the provision of law that authorizes a caregiver to receive reasonable
25 monetary compensation for costs associated with cultivating cannabis plants or assisting a
26 qualifying patient with that patient's medical use of cannabis.

27 4. It provides that a caregiver is authorized to transport, sell, offer to sell or furnish
28 cannabis plants or harvested cannabis on the property or premises owned, leased or rented
29 by the caregiver; at trade shows, festivals or other cannabis industry-related events; or
30 through delivery to or private arrangement with a qualifying patient, caregiver or registered
31 dispensary.

32 5. It removes the process under the Act by which a person that is not a qualifying
33 patient, registered caregiver, registered dispensary or manufacturing facility may receive
34 authorization from the department to engage in cannabis extraction using an inherently
35 hazardous substance and prohibits such cannabis extraction other than by qualifying
36 patients, registered caregivers, registered dispensaries or manufacturing facilities. A
37 qualifying patient, registered caregiver, registered dispensary or manufacturing facility that
38 engages in cannabis extraction using an inherently hazardous substance must comply with
39 any rules regarding that activity adopted by the department by rule but is not required to
40 obtain additional approvals or authorizations from the department to do so.

41 6. It prohibits the department from posting on its publicly accessible website or
42 otherwise making publicly available, except upon request, applications, supporting
43 information and other nonconfidential information regarding a registered caregiver,
44 including any address where the registered caregiver cultivates, manufactures, tests,

1 packages, stores or sells cannabis plants or harvested cannabis under this chapter. The bill
2 directs the office to, as expeditiously as possible, remove from the office's website and
3 otherwise from public availability, except upon request, any such nonconfidential
4 information regarding registered caregivers.

5 7. It prohibits the department from requiring a caregiver retail store, registered
6 dispensary, cannabis testing facility or manufacturing facility to use a form provided by the
7 department to demonstrate municipal approval or other local authorization, if such approval
8 or authorization is required by the municipality in which the store, dispensary or facility is
9 seeking to operate.

10 8. It provides that a caregiver retail store, registered dispensary, cannabis testing
11 facility or manufacturing facility that was previously issued by the department a
12 registration or other authorization to operate and was subsequently denied such registration
13 or other authorization based solely on the failure of the store, dispensary or facility to obtain
14 a completed form provided by the department to demonstrate municipal approval or other
15 local authorization, or based solely on the failure of the municipality to adopt or amend an
16 ordinance or approve a warrant article as required by law, is deemed in compliance with
17 applicable municipal approval or local authorization requirements under the Act. A
18 caregiver retail store, registered dispensary, cannabis testing facility or manufacturing
19 facility deemed in compliance with applicable municipal approval or local authorization
20 requirements pursuant to this provision may request and the department shall issue a
21 registration or other authorization to renew operations, provided that: the store, dispensary
22 or facility is to be located in the same municipality in which it was located when last issued
23 a registration or other authorization to operate by the department; and the store, dispensary
24 or facility satisfies all other applicable registration or authorization requirements pursuant
25 to the Act and adopted rules, excluding any such requirements relating to municipal
26 approval or local authorization and any such requirements that the store, dispensary or
27 facility maintain continuous operation since it was last issued a registration or other
28 authorization to operate by the department.
