4) New Business

a) Zoning Board of Appeals (ZBA) Appointments – Scott Dvorak, Code Enforcement Officer

CEO Dvorak – I am here to introduce 2 appointees for the ZBA, Leonard Cirelli and Rick Welch.

Mr Cirelli – My name is Len Cirelli. I live on Panther Pond and my wife is a substitute teach for RSU #14. I am interested in getting involved in the workings of the Town. Someday I will be passing my property on to my children, and while not opposed to change, I want to help the Town to stay as beautiful and pristine as it is.

Selectman Bruno – What is your background?

Mr Cirelli – I was in the footwear industry and in logistics as the International Transportation Manager.

Motion to appoint Leonard Cirelli to the ZBA by Selectman Bruno. Seconded by Gifford.

Unanimously approved.

Mr Welch – I was a volunteer for the Fire Department for 35 years and wanted to get back into volunteering. I was in the excavation field for 16 years and am familiar with zoning and set-backs, etc.

Motion to appoint Eric Welch to the ZBA as alternate by Selectman Bruno. Seconded by Selectman Taylor.

Unanimously approved.

b) Quit Claim Deed – Sue Carr, Tax Collector

Thomas F Jr & Jane Ellen Noonan – Map 054 Lot 045 – 6 Bayview Drive – the property has been sold and all back and present taxes, interest, and lien costs were paid in full

Motion to approve as presented by Selectman Bruno. Seconded by Selectman Gifford.

Unanimously approved.

c) Consider Addition of New Solid Waste Ordinance to Miscellaneous Ordinances – Nathan White, Public Works Director

Public Works Director White – We did not have one to begin with. It gives us a mechanism to back up the contract. We have had a couple of incidents where this would have been helpful.

Motion to approve to go to public hearing as presented by Selectman Bruno. Seconded by Olsen.

Unanimously approved.
d) Consider Update of Private Road Standards for Recycling & Waste Services Policy – Nathan White, Public Works Director

Public Works Director White – This one simply needed to be cleaned up. It is currently a part of the contract with Pine Tree Waste.

**Motion** to approve as presented by Selectman Olsen. Seconded by Selectman Taylor.

**Unanimously approved.**

e) Consider Addition of the Appointment Protocol Policy to the Bylaws and Policies of the Board of Selectmen – Sue Look, Town Clerk

In reviewing the current policies for the Town of Raymond it seems that the Appointment Protocol Policy could be added to the Selectmen’s Bylaws and Policies.

Selectman Olsen – Could we make sure that all ordinances referencing a conflict of interest refer to 30-A MRSA § 2605 for consistency?

Town Clerk Look – I believe it is only the Selectmen’s Bylaws and the Budget and Finance Ordinance and they are both being changed to have the statutory reference.

Selectman Bruno – Under Robert’s Rules and State law, a conflict of interest only occurs if someone is challenged. So, someone can vote no matter what unless they are challenged. The conflict has to be for the person or their family, not for a group the person is a member of.

**Motion** to approve as presented by Selectman Bruno. Seconded by Selectman Taylor.

**Unanimously approved.**

f) Consider Re-write and Update of the Miscellaneous Ordinances – Sue Look, Town Clerk

Town Clerk Look – Don asked that I review the Miscellaneous Ordinances while I was updating the Cemetery Ordinance. Many only needed some slight updates, while some needed to be rewritten. The Town Attorneys have made a few preliminary suggestions, but they may come back with other changes needed.

Town Manager Willard – This came about as we were looking at the policies and decided to do the ordinances too.

Selectman Bruno – Budget-Finance is doing their own?

Town Clerk Look – Yes.

Chairman Sadak – The Fire Protection Ordinance – the Fire Marshall gets to go into a business each year. The question is do I have to allow the Town Fire Marshall to come in if the State Fire Marshall has already been in?

Selectman Bruno – You can not write ordinances that conflict with State law.

Chairman Sadak – Our ordinance does. What do I do if I want to challenge something like that?

Selectman Bruno – If you have that conflict, then the ordinance needs to go to the attorney and ask if it conflicts with State law.
Motion to approve sending the Miscellaneous Ordinances to public hearing pending clarification by the Town Attorney by Selectman Bruno. Seconded by Selectman Taylor.

Unanimously approved.

4) Public Comment – None

5) Selectman Comment

Selectman Bruno – I want to say what a good job Don and Cathy have done on the budget. I looked at that budget today and it is a good starting point. I am pretty happy with what you presented to us.

BUDGET AND FINANCE COMMITTEE ORDINANCE

Adopted March 1980

SECTION 5. Powers and Duties
The Budget and Finance Committee shall have the following powers and duties:

A. To consider each article for raising, appropriating or borrowing monies to be expended by or for the Town, with opportunity for discussion with those persons proposing the same, and to make recommendations on such articles to the Town Meeting for which they were drawn, which shall appear on the Warrant in substantially the following form, “The Town Budget and Finance Committee recommends approval/disapproval.”

B. To discuss with and make recommendations to the Board of Selectmen Select Board on proposals for specific expenditures.

C. To investigate and recommend to appropriate Town departments the availability of Federal and State and other grants, loans, guarantees and other assistance for the Town and the types, terms, benefits and disadvantages thereof.

D. To study and make recommendations on the general financial position, policies and practices of the Town and its departments.

E. To study and make recommendations on any proposal for payment for services or equipment by bond or note. Any such proposal, with the exception of general tax anticipation notes which will be reviewed under Section (5D), will be accompanied by an impact statement and recommendation for rejection or approval.

F. To develop and maintain, with the input from all other committees and Boards in Town, a five (5) year moving Capital Improvement Plan.

G. To study and report to the Board of Selectmen Select Board potential revenue raising opportunities that may require actions by the Board or Town Manager.
Section 6. Membership, Quorum, Voting

A. The Budget and Finance Committee shall consist of seven (7) voting members, plus the Chair of the Board of Selectmen Select Board and the Chair of the School Board who shall be non-voting ex-officio members. The reduction in number from nine (9) to seven (7) will occur due to attrition. Existing members may continue as voting members on the committee and each may petition to be a candidate on upcoming ballots. The first 2 seats vacated by attrition (seat still open after an election, non-acceptance of the position, resignation, death, removal from the municipality, or recall) will not be filled. When a seat is vacated, the term of office for any open seats will be adjusted at the next election to keep the terms staggered.

B. The Chair and the Vice-Chair of the Budget and Finance Committee shall be elected by a majority of the Budget and Finance Committee voting members at the first meeting after June 30th each year.

C. Three (3) voting members who are must be residents of the Town of Raymond, and shall be elected annually by the Town via a secret ballot vote at the annual Town Meeting, for a term of three (3) years and have staggered three (3) year terms.

D. Any vacancy among the voting members shall be filled either via appointment by the Select Board until the next annual Town Meeting secret ballot vote following the creation of that vacancy, or by the Town at the first annual Town Meeting secret ballot vote following the creation of that vacancy.

E. The Budget and Finance Committee shall officially act only in the presence of a quorum of four (4) voting members. Official motions will pass only on a majority vote of all voting members of the Budget and Finance Committee, unless the Budget and Finance Committee unanimously votes to adopt other rules at the first meeting of the year after the Annual Meeting and agrees to utilize the revised voting procedure for the full year. No member of the Budget and Finance Committee shall vote on a budget item in which the member has an interest.

F. All members will abide by the rules for Conflict of Interest pursuant to 30-A MRSA §2605.

G. All members will sign upon taking their oath of office and will adhere to the Town of Raymond Code of Ethics for Appointed and Elected Municipal Officials.

Section 7. Non-Attendance

In the event a member of the Budget and Finance Committee fails to attend, without being excused by the Chair of the Budget and Finance Committee, three (3) consecutive regularly scheduled business meetings or two (2) consecutive regularly scheduled Town Budget Review Meetings, the Budget and Finance Committee by unanimous vote of all attending members of that third regularly scheduled business meeting or second regularly scheduled Town Budget Review Meeting may remove the member from office and have the member replaced under the vacancy section of (3 6-D) above.

Section 8. Severability

If any part or parts, section or subsection, sentence, clause or phase of this Ordinance is for any reason declared to be unconstitutional or invalid, such shall not affect the validity or constitutionality of the remaining portions of this Ordinance or any rules or regulations promulgated hereunder.

Section 9. Effective Date

This Ordinance shall become effective upon passage by the legislative body of the Town of Raymond at a duly called Town Meeting.
Hi Sue,

It was good to talk with you a few moments ago. As I noted, my recommendation is to insert a date certain in the Ordinance when the Committee’s membership is reduced from 9 to 7 members so there can be no confusion. As proposed below the decision on whether a seat is eliminated under the old membership number is made (except for a vacancy) is when a sitting member whose term is about to expire decides whether or not to run for another term – instead of making it clear when the transition occurs directly in the Ordinance. One suggestion is to perhaps give a date into the future (such as 2020 or two election cycles) when two expiring terms will not be filled.

Let me know if you have any further questions and have a good weekend,

Phil

Hi Sue,

These amendments generally look fine to me, but I have a question about the timing of the reduction in the number of members through attrition due to vacancies. Is the intent to allow current members to file for re-election at the end of their term and instead wait until someone resigns, etc. (per the list of types of vacancies listed in 30-A M.R.S. § 2602), or is the intent to not fill the next two spots once the current term is expired? I just wanted to make sure that was clarified in the draft.

Take care,
Phil

TO: RAYMOND BOARD OF ASSESSORS
FROM: CURT LEBEL, ASSESSORS AGENT
SUBJECT: TAX ABATEMENTS
DATE: 3/8/2018
CC:

Dear Board Members,

I have one tax abatement request for the board’s consideration. Applicant Thomas York has filed for tax abatement on his property at 29 Kings Grant (Tax Map 039-042) Applicant purchased .7 acres of land in 2015 for $120,000 and constructed a new single family dwelling on the property in 2017. The Town’s assessment of the completed home and land is $536,300. Because of the closure of the Town office due to winter storm conditions, I am providing this memo for the board’s consideration without a great deal of background material. The material is on file, but not accessible at this time as I am writing this memo remotely while the Town office is closed.

Applicant filed a request for tax abatement and provides an opinion of value of $425,000 from the Town assessment of $536,300. Applicant provided analysis comparing the subject property to abutters in the immediate area and highlights the difference in the cost per square foot of each home, revealing that the cost per square foot of the subject property is much higher than its neighbors. The applicant understands that the quality of the subject is higher than the comparable but does not feel that it translates into value for the property to the level of the Town assessment. The application also indicates that a realtor gave an opinion of value for the property of $425,000 although no data was presented as to how this was arrived at.

Given that this is a new home, with little to no depreciation, the Town requested that the applicant supply any appraisals conducted on the property, the construction cost contract for the new home and the insurance policy of the new home as they may provide corroborating data as to the market value of the property. The Applicant complied and provided each of the three items which each indicate a value in excess of $500,000 for this property, rather than the requested $425,000 assessment. The appraisal conducted for financing of the property was $515,000-$522,452 depending upon the approach used. The Construction contract was for $403,996, which when added to the sale price of the land, which was $120,000 indicates a value in the range of $523,000. The insurance policy for replacement of the building is $411,000 which, not including land, falls in line with the construction costs reported. All received indicators of value indicate that the Town assessment of value is reasonable and much closer than the requested value of $425,000. A property inspection was
requested, as the assessor’s office was not able to fully inspect the property during construction, but due to the applicants’ location out of state, could not be arranged.

It does appear that a couple of isolated sales in the Kings Grant area fall at the lower end of the Towns accepted assessment range. These properties may have been remodeled to greater extent prior to sale and should be looked at for the next assessment. It does not appear however that the Town is assessing the subject property at an assessment ratio which is manifestly higher than the Towns average ratio. All indicators, including those provided by the applicant upon request, appear to show that the Towns assessment is within acceptable range of what the property market value is on the date of assessment. I therefore recommend that the Assessors deny this request for abatement.

Sincerely,

Curt Lebel

LED Streetlight Update

LED STREET LIGHT PROJECT UPDATE

The Towns of Windham, Raymond, Standish and Gray jointly issued an RFP for professional services for the conversion of public street lighting to high efficiency LED fixtures and public ownership of the systems.

After issuing an RFP RealTerm Energy was selected for the project. This consultant has also been used by several other individuals and groups of municipalities for conversion projects across Maine

The first step is to determine if the conversion will yield significant savings by performing a system study by town. The following tasks will be accomplished by RealTerm, if the town elects to move forward.

- GIS lighting survey
- Street light acquisition plan from CMP
- Pilot projects in the communities to field test various fixtures
- Identification and selection of manufacturers and providers of equipment
- Consultation and recommendation on selection of installation contractor
- Photometric design – comprehensive lighting design to determine luminaire selection
- Smart Control Consultation
- Produce investment grade audit report that is sufficient to obtain lease purchase financing, if desired
- Conduct public information sessions if desired
- Assistance with any rebates or incentive applications
- Project management/Construction Administration
- Oversight of revised utilities charges to insure accuracy

Raymond has 115 street lights. The cost of the preliminary study is $4404.50 or 115 lights x 38.30 per light. If Raymond decides not to go forward after the preliminary study the total increases to $40.40/fixture or $4646 to terminate. The study is required to get the data necessary to make an informed decision on whether to move forward or not. Consultant will provide cost information of outright ownership vs lease purchase as well as cost of contractual long-term system maintenance. The funding for the study is coming from unexpended funds in the current budget year in administrative contract fee line. The current balance is $7454.93 leaving $3047.43 after the completion of the study.
