The election of a Vice-Chair has been added to make the current practice official.

The proper care and cleaning of all granite, stone, marble, or bronze structures on the lot at the time care is assumed, as well as any future erections expressly specified, but does not include replacement of any such structures.

~~Lot owners desiring additional care of their lots may arrange for such care with the Town of Raymond who will be glad to give an estimate of the cost of the work desired. This care may be provided for any annual payments made by the lot owner or by the establishment of a Trust Fund under such agreement as may be determined between the said parties.~~

3. Management. All Perpetual Care Trust Funds held by the Town of Raymond, whether Trust or Perpetual Care will be invested by the Town of Raymond as provided by law (MRSA Title 13, Section 1223) and will be expended only as provided by the Trust of Perpetual Care Agreement.

3. Directors. A funeral director must be with all funerals entering the cemeteries and the funeral director is responsible for ensuring that the participants of the funeral abide by this Ordinance. The funeral director must present the necessary burial permit from the Town Clerk to the Town employee in charge of the burial.

22 4. Grave Liners. In order to maintain a high standard of care and to eliminate sunken graves caused by the collapse of wooden boxes, all burials must be made in outside containers constructed of natural stone, or of metal, or of reinforced concrete, or approved synthetics. All such containers must be made and installed so as to meet the specifications established by the Board of Selectmen. Outside containers may be procured from any source provided they meet the established specifications.

23 5. Limits. No interment of two (2) or more bodies shall be made in one (1) grave plot, except in the case of a mother or father and a child, or two (2) infants, buried in one casket (or two caskets if small enough to fit within the burial space), or up to eight (8) cremated remains with no full burial, or one (1) full burial and one (1) cremation. Further variation may be made in the case of cremations within family lots subject to the placing of markers and upon prior approval from the Town.

24 6. Interment. When an interment is to be made in a plot, the location shall be designated by the ~~lot owners~~ Grantee or his representative. If this is not done, the Cemeteries reserve the right to make the interment in a location designated by the Town. The Town shall not be responsible for errors from telephone information etc.

25 7. Disinterment. Once an interment has been made, graves will be opened only by officials and employees of the Town assigned to the cemeteries or when the cemetery is directed to make disinterment by an order of the court of competent jurisdiction and a certified copy has been filed with the Town. The Town will be limited to opening of the grave only. Disinterment must be made by the person authorized to do so.

8. Animals. No Animals domestic or wild will be interred in the Cemeteries.

9. Cremains. Each cremain burial will be required to at least have a grade level name Marker placed on top of the site.

XIII. MONUMENTS & MARKERS

27 1. Size and Number. The ~~owner~~ Grantee(s) of any one (1) plot shall have the right to erect thereon any proper ~~stone or~~ Monument or Marker upon authorization by the Town. Only one (1) Monument no larger than a thirty-six (36) inch base shall be permitted on a plot, which must be located in the ~~center or~~ center rear of the plot, unless special permission is granted by the Town for placing otherwise. Only one (1) individual Marker per grave burial is allowed in any of the Cemeteries. ~~In certain areas, however, a monument and individual headstones are permitted.~~ In the case of a Grantee(s) owning multiple contiguous plots, a single Monument no larger than a sixty (60) inch base shall be permitted in the center of the lot and must be approved by the Cemetery Supervisor and Sexton.

28 2. Material. No monument or other structure on a lot above ground shall be constructed of other than cut marble, granite, natural stone, or real bronze. ~~The monument shall not exceed~~

~~a base size from end to end of sixty percent (60%) of the width of the lot.~~

28 **3. Foundations.** No stone, Monument, tomb, vault, or other superstructure shall be erected until a suitable foundation is laid. All foundations shall be not less than four (4) feet in depth. All tombs, mausoleums, or vaults constructed after the effective date of this Ordinance shall have such provisions made for perpetual care as is adequate in each case.

4. **Placement.** All monuments must be placed such that they face the same direction as the surrounding stones. In most Cemeteries the stones in a row face the nearest road.

5. **Boundaries.** On and after the effective date of this Ordinance, no lot or grave shall be defined by a fence, rail, curb, hedge, trees, or shrubs, or enclosure of any description for the purpose of defining its ~~corner~~ boundaries. Boundaries that existed prior to the adoption of this rule on March 18, 2000, around burial sites may be maintained as a boundary, but no one is allowed to add to or replace them. Grade level corner markers are permissible.

6. **Repair.** Monuments and Markers erected by Grantees shall be maintained in a safe condition by the Grantee (including heirs and assigns), and the repair and replacement of same, after damage from any cause, shall be at the expense of the Grantee. Notwithstanding the primary maintenance responsibility of the Grantee, the Town may, at its sole discretion, undertake to clean and/or repair Monuments and Markers and to resolve safety concerns.

4) New Business

- a) Consideration of Adding Second Side to Town Office Electronic Sign – Teresa Sadak, Select Board Chair

Chairman Sadak – We talked about this at the first joint meeting with the Budget-Finance Committee. I had it added as an agenda item for tonight's meeting. I think that we can decide to take the money out (*of contingency*) if we decide to do it.

Town Manager Willard – In the ePacket you have a quote from Neocraft Signs for the 2nd side of the sign in the amount of \$21,520.60 to rebuild the top and to add the second electronic panel.

Town Clerk Look – I have asked for a quote to angle the electronic panel so it is at the same angle to the road as the front.

Town Manager Willard – When we first envisioned the sign we did not think the visibility would be good, but citizens have said that it is incomplete without the 2nd side and the sightlines do appear to be sufficient. This is information we did not have for the original vote and approvals.

Public Works Director White – The sign is skewed and the sign will look funny if you are not looking at it properly. The top will be fine as it because it is simply a sign.

Town Manager Willard – It is only off a few degrees, but it bothers me that it is not square with the road.

Public Works Director White – The other option is to take the sign down and reset it. It is a lot of work. We placed the new sign where the old sign was. The new sign has metal plates at the bottom. We would unbolt them, move the sign out of the way. Pull

the concrete columns out, reorient it, put the concrete back in, and reset the sign.
Town Manager Willard – I think before we did anything we would want to look at both options to see what is more aesthetically pleasing and more cost effective.

Selectman Bruno – Have we taken any money out of contingency?

Finance Director Ricker – No.

Selectman Bruno – We have a quote, but it would be more to dig up the sign.

Selectman Olsen – So, if we were to say no more than \$27,000 would we be OK?

Selectman Bruno – I was going to say \$30,000 to give them some leeway.

Town Manager Willard – I don't think we will need \$30,000.

Motion to appropriate up to \$30,000 from the Selectmen's Contingency fund to straighten the sign and add the second side to the Town Office Electronic Sign by Selectman Bruno. Seconded by Selectman Gifford.

Unanimously approved.

Chairman Sadak – I had asked Sue for an update on the properties where the taxes were behind by \$5,000 or more. Sue has been doing good with getting them to pay.

Tax Collector Carr – I have 5 foreclosures that are more than \$10,000. They all have payment arrangements. I have asked them for update contact information. Most have returned the information to me. Connolly has contacted me and will be sending payments, I know her property is now in the court system. Tomorrow I meet with Jeffrey Cox (owns the Engine works). He makes \$850 payments and still owes over \$30,000 after 5 years. I am going to let him know that the payment has to be

increased.

Selectman Bruno – When we started this payment stuff we said that they needed to make payments to be caught up in 5 years.

Tax Collector Carr – Mr Cox has 4 years of outstanding taxes after tomorrow's meeting he will be making larger payments.

Chairman Sadak – One issue that Sue is having is that there is 1 property where there are 2 people's names on it and she is having a hard time finding that second person.

Tax Collector Carr – There is 1 property where the owners are not making regular payments for the last 6 years and still owe over \$12,000. This property had 2 owners, the dad gave it to his son, the dad is in a nursing home. When the property changed hands to the son they were supposed to pay all back taxes and did not.

Selectman Bruno – So the deed is in the son's name without paying the taxes owed?

Tax Collector Carr – Yes. I don't understand how that happened. The situation there is not the best situation. A few years ago the Fire Department checked on them. They have a trailer on the property, but they prefer to live in the garage.

Selectman Bruno – This is where it gets sticky. You don't want to throw people out of their homes, but you also want people to pay their taxes.

Chairman Sadak – Sue does a lot to get these people to pay, but at this point we need to give Sue some parameters of when to go to the next step. This property we are discussing now owes \$13,000.

Tax Collector Carr – They are a number of years in arrears.

Chairman Sadak – Where do we want to go next.

Selectman Bruno – If they pay something each month, I can work with that. If they don't pay anything I have a problem with that and I think we need to go to the next step.

Chairman Sadak – When is the last time they made a payment?

Tax Collector Carr – I do not know off the top of my head. A couple of months. I do know that the son does not work in the winter time. He has seasonal employment.

Selectman Olsen – We have a lien on it, so if he tried to sell it we would get our taxes. I would continue the dialog with the son to make sure that the payments will start again when he starts working.

Tax Collector Carr – The son has made the payments, but I do not know where the money comes from. I have not seen the mother in quite some time. There is another who owes \$29,000 and I sent a letter that we need to up his payments from \$750. The annual tax bill is \$5,000. He is making progress, but it is slow. The further behind they get the more the interest compounds. I have 1 just below \$10,000 and she makes regular payments and is trying to sell.

Selectman Bruno – The only 1 I have a problem with is where they are making no payments.

Tax Collector Carr – There are 2 where there have not been regular payments.

Selectman Bruno – It is with those 2 that you need to start the process. When they realize they could lose their house they may start making payments. See if this will entice them to come in. If not, start the process.

Tax Collector Carr – Most of these folks really try.

Chairman Sadak – This is \$1,000 for the bus and \$1,000 for SMAA.

Selectman Olsen – If we do this, then the article does not exist any more?

Town Clerk Look – Correct.

Selectman Olsen – I still have some feelings that even though there are not many using the bus there is some potential advantage to that bus, and we should put some money into it. They need to adjust pickup points in Raymond – where the elderly home is for example or somewhere else that is easier for people. This gives us a seat at the table.

Selectman Bruno – I do not like their pricing of \$3 per ride regardless of where they get on.

Chairman Sadak – Every year we have said that the pricing needs to change. I don't see it being utilized and Alice said that people can't get to the bus stops. They seem to be able to get to the Town Office. I do not see that there has been any change in the 4 years.

Selectman Olsen – They have not addressed our concerns. Dropping the support should get them to ask how to bring the number back up.

Selectman Gifford – I agree with Rolf. We are not looking at the future here.

Motion to amend Article 30 to have \$1,000 for the RTP bus by Selectman Olsen. Seconded by Selectman Bruno.

Chairman Sadak – What if they make no changes next year? It is their responsibility to possibly change the stops and to make a pitch next year to us.

Selectman Olsen – Then maybe we don't support them.

Amendment unanimously approved.

Chairman Sadak – I have a problem with the band-aid.

Selectman Olsen – I would make a secondary motion that the FD come to the BOS with a plan for employee retention within 90 or probably 120 days. This is separate from the article.

Selectman Bruno – Did you see the legislature passed \$1,000,000 for training and retention of Fire Fighters. This may not be funded and could be all for show.

Selectman Olsen – If we just simply approve that as it is then it is just a band-aid.

Chairman Sadak – I don't think we can compare ourselves to Windham or Yarmouth.

Selectman Bruno – I don't think we need a second motion. The Town Manager just wrote it down to come back in 120 days with a plan.

5) Public Comment

Anne Gass – I am running for SR 67. I am running as an independent, clean-elections candidate. I feel like there are so many votes that go along the party lines and I want to help us move forward. I am a 30-year resident of Gray and have been active in Town Government. I work as a consultant for municipal grant writing and policy writing. I look forward to meeting voters as I go door to door. I am running unopposed as an independent and will be on the ballot in November.

Marshall Bullock – I want to clarify Article 25, the one to bring the merit pay pool back up to \$55,000. Will this be done each year to keep the total \$55,000?

Town Manager Willard – Performance reviews occur each year and we do not know how much we will spend each year. There could be a year where there is enough left in the reserve and we would not need to appropriate.

6) Selectman Comment

Selectman Olsen – The budget hearings are a reminder to people to keep an eye on the School Budget. We are looking at an increase there even though we have kept our spending down and should have a decrease. We have very little say about the School Budget. People need to attend the vote on May 23rd and on June 12th.

Chairman Sadak – This year we are paying a lower percentage of the school budget and still the money to be raised and appropriated is probably going up. This is crazy spending on the RSU. I got a letter from a lady in town. She said, “Thank you.” She is asking the town to stand strong on this. I have also gotten emails. I thank you for speaking up and ask that you also send messages to our RSU representatives – Diana Froisland, Janis Cummings, and Anna Keeney.

Selectman Bruno – When I got on the Select Board the mill rate was \$11.40 and now it is \$12.30. Over the course of 12 years it has gone up less than a \$1. The Select Board and the Budget-Finance Committee has worked hard to keep this down. We have less kids in the school and are paying more.

§653. Hearings; bureau review; appeal

1. Hearings. The municipal officers or, in the case of unincorporated places, the county commissioners of the county in which the unincorporated place is located, may hold a public hearing for the consideration of applications for new on-premises licenses and applications for transfer of location of existing on-premises licenses. The municipal officers or county commissioners may hold a public hearing for the consideration of requests for renewal of licenses, except that when an applicant has held a license for the prior 5 years and a complaint has not been filed against the applicant within that time, the applicant may request a waiver of the hearing.

A. The bureau shall prepare and supply application forms. [1993, c. 730, §27 (AMD).]

B. The municipal officers or the county commissioners, as the case may be, shall provide public notice of any hearing held under this section by causing a notice, at the applicant's prepaid expense, stating the name and place of hearing, to appear on at least 3 consecutive days before the date of hearing in a daily newspaper having general circulation in the municipality where the premises are located or one week before the date of the hearing in a weekly newspaper having general circulation in the municipality where the premises are located. For purposes of this paragraph, the date of filing of the application is the date the application is received by the municipal officers or county commissioners. Raymond Age Friendly – Community Connections A Community Report

A group of 35 to 40 Raymond residents joined together in May of 2017 to discuss ways to make Raymond an Age Friendly Community. An Age friendly community revolves around addressing livability involving outdoor spaces and buildings, transportation, housing, social participation, respect and social inclusion, civic participation and employment, communication and information and community and health services.

The group appeared before the Raymond Select Board in June 2017 to ask for Town support for joining the AARP Network of Age-Friendly Communities as 50 towns and counties have done in Maine. Our goals are to establish mechanisms to involve older people throughout the Age-Friendly town cycle, to conduct a baseline assessment of the age friendliness of the town and to develop a 3-year town wide plan of action based on assessment findings.

We would like to share the progress that the group has made as of April of 2018.

- With Town support Raymond was accepted into the Age Friendly Network in October of 2017
- Monthly meetings are conducted at the Raymond Public Safety Building providing a wide variety of topics and speakers to our community.
- The Raymond Village Library has received a grant from the Maine Public Library Fund and has established monthly seniors only library hours with programming
- A Steering Committee has been established
- A support grant of \$1100 was received from AARP to underwrite the cost of the assessment survey. Private donations have rounded out the costs.
- A community assessment survey is in final draft review
- The assessment survey will be conducted beginning in June of 2018 and continue through the summer and fall with St. Joseph's College providing data analysis and final reports.
- Projects under consideration include: Intergenerational adaptive garden, installation of smoke detectors, evacuation planning, wellness calls, volunteers putting up house numbers, energy efficiency projects, a senior dance and a Town emergency shelter.

The Raymond Age Friendly Project would like to thank the following community partners: The Raymond Village Library, The Raymond Village Community Church, The Raymond Community Garden, The Raymond Lions Club, Hancock Lumber, Raymond Public Safety Department, Raymond Public Works Department, The Beautification Committee, the Hawthorne Garden Club, AARP Maine, First Light Home Care, St. Joseph's Community-Based Learning, Center for Sustainable Communities and St. Joseph's Corporate & Foundation Relations.

Steering Committee Members: Lauri Wallace, Jessica Fay, Susan Moore, Nancy Foran, Chas and Judy Rand and Sheila Bourque.
