a) Consideration of County ARPA Grant – Cathy Gosselin, Health Officer

The Town’s ARPA committee of Don Willard, Joe Crocker, Bruce Tupper, Nathan White, and Cathy Gosselin have reviewed options and have three projects to submit, focusing on Public Health and aid to tourism at Tassel Top (also using the infrastructure to water and sewer). The pre-application asks if the project has been approved by the Board and requests a copy of the letter of said approval.

Raymond is asking for the Select Board’s approval in submitting three applications:

1. “Sebago Lake Cabin Rentals at Tassel Top” For this project we would like to build three cabins, ranging from 1-2 bedrooms with lofts to be used for affordable family vacations during the summer months as well as community/corporate retreats, and educational programs off-season. The cost estimate for each cabin is $45,000 for materials, plus $25,000 for septic, well and utilities. The Town of Raymond Public Works crew will assist by doing the driveways, earthwork and overseeing the construction of the cabins, estimated to be $10,000 per cabin; and supply appliances and furnishings, including furniture, estimated to be $10,000 per cabin. Total per cabin is projected to be $90,000.

   Total projected budget is $270,000.
   Ask from Cumberland County $180,000, Raymond $60,000.

2. “Public Safety Staffing” We are requesting funds to hire and train two positions working in Public Safety. One position would be a supervisory Deputy Chief overseeing the Fire/EMS staff. The second position would be to fill an open FF/EMS position. Both would have responsibilities overseeing COVID-19. Grant cost to include 2 years of salary, payroll cost, benefits packages and associated uniforms and COVID-19 educational materials.

   Total projected budget is $322,000.
   Ask from Cumberland County $294,000, Raymond $28,000.

3. “Improvements in Facilities at Tassel Top” The 3rd application will be for the new bathroom facility and associated septic needs at Tassel Top. The facility will house female and male bathrooms and changing facilities along with an attached food concession stand with a staff bathroom. The septic field will go underneath the upper parking lot and require a septic pump, grease trap, a new well, and electrical upgrades. This would eliminate the need for porta potties.

   Total projected budget is $400,000.
   Ask from Cumberland County $300,000, Raymond $100,000.

There was some discussion that the County may or may not approve any or all of these applications. This grant is different than the Town ARPA grant. Cumberland County got $57,000,000 in ARPA grants. They set aside $11,000,000 for Towns and the projects could not be less than $1,000,000. Raymond has $470,000 from ARPA.

Motion to approve the 3 pre-applications as listed above by Selectman Bruno. Seconded by Selectman Gifford.
Unanimously approved

b) Consideration of Business License for Fur-Ever Friendz, LLC – Tracy Campbell, owner
   Fire Inspector Jones recommends approval conditioned upon completion of the plan of correction within the next year. They are planning to open in 2 weeks.
   Motion to approve with the condition that the items in the written plan of correction are completed within a year from now by Selectman Bruno. Seconded by Selectman Gifford.
   Unanimously approved

c) Consideration of New Road Name – Summit Lane (in Tarkiln Hill Estates) – David C Fossett, President of Tarkiln Hill Estates Lot Owner Association and Chief Bruce Tupper, E-911 Addressing Officer
   Motion to approve Summit Lane by Selectman Olsen. Seconded by Selectman Bruno.
   Unanimously approved

d) Consideration of Fee Schedule Update – Sue Look, Town Clerk
   Due to a statute change that went into effect on October 18, 2021, the fees pertaining to Freedom of Information photocopy requests need to be changed from $0.15 per page to $0.10 per page.
   Motion to approve as presented by Selectman Bruno. Seconded by Selectman Olsen.
   Unanimously approved

5) Public Comment – none

6) Selectman Comment
   Chair Sadak reiterated that the Town of Raymond will be paying $300,000 toward the new middle school each year whether our students attend it or not. The RSU Board will be taking a vote to decide whether or not to include Raymond students. If they are not included we will be paying for both schools.

§653. Hearings; bureau review; appeal

1. Hearings. The municipal officers or, in the case of unincorporated places, the county commissioners of the county in which the unincorporated place is located, may hold a public hearing for the consideration of applications for new on-premises licenses and applications for transfer of location of existing on-premises licenses. The municipal officers or county commissioners may hold a public hearing for the consideration of requests for renewal of licenses, except that when an applicant has held a license for the prior 5 years and a complaint has not been filed against the applicant within that time, the applicant may request a waiver of the hearing.

A. The bureau shall prepare and supply application forms.

On Premise Application, Rev. 3/2020  Page 6 of 11
B. The municipal officers or the county commissioners, as the case may be, shall provide public notice of any hearing held under this section by causing a notice, at the applicant's prepaid expense, stating the name and place of hearing, to appear on at least 3 consecutive days before the date of hearing in a daily newspaper having general circulation in the municipality where the premises are located or one week before the date of the hearing in a weekly newspaper having general circulation in the municipality where the premises are located.

C. If the municipal officers or the county commissioners, as the case may be, fail to take final action on an application for a new on-premises license or transfer of the location of an existing on-premises license within 60 days of the filing of an application, the application is deemed approved and ready for action by the bureau. For purposes of this paragraph, the date of filing of the application is the date the application is received by the municipal officers or county commissioners. This paragraph applies to all applications pending before municipal officers or county commissioners as of the effective date of this paragraph as well as all applications filed on or after the effective date of this paragraph. This paragraph applies to an existing on-premises license that has been extended pending renewal. The municipal officers or the county commissioners shall take final action on an on-premises license that has been extended pending renewal within 120 days of the filing of the application.

D. If an application is approved by the municipal officers or the county commissioners but the bureau finds, after inspection of the premises and the records of the applicant, that the applicant does not qualify for the class of license applied for, the bureau shall notify the applicant of that fact in writing. The bureau shall give the applicant 30 days to file an amended application for the appropriate class of license, accompanied by any additional license fee, with the municipal officers or county commissioners, as the case may be. If the applicant fails to file an amended application within 30 days, the original application must be denied by the bureau. The bureau shall notify the applicant in writing of its decision to deny the application including the reasons for the denial and the rights of appeal of the applicant.

In acting on such an appeal, the bureau may consider all licensure requirements and findings referred to in subsection 2.

4. **Repealed**

5. **Appeal to District Court.** Any person or governmental entity aggrieved by a bureau decision under this section may appeal the decision to the District Court within 30 days of receipt of the written decision of the bureau.

Memo To: Municipal Emergency Managers, Town Administrators in Cumberland County
Subject: County Hazard Mitigation Plan

Dear Colleagues,

Cumberland County Emergency Management Agency (CCEMA) has completed the task of updating the FEMA required Hazard Mitigation Plan. This 2022 Hazard Mitigation Plan will replace the previous version, published and approved in 2017. This update was a long-term project with extensive research, analysis and outreach to communities, partners, stakeholders and the public. Preparing the plan with a multi-jurisdictional approach alleviated the heavy workload on the municipalities. It also created a more complete picture of Cumberland County’s ability to mitigate hazard risks and recover more quickly from a disaster.

The Federal Emergency Management Agency (FEMA) has approved this 2022 plan, pending adoption by all of the County municipalities. CCEMA is now asking each jurisdiction to bring the plan to their city/town council or select board for this approval.

Here is the link to review the 2022 plan and supporting documents: https://www.cumberlandcounty.org/231/Hazard-Mitigation

We have also attached the template approval document which your municipal council/board must complete. If your governing body should decide not to approve the document, the municipality will then be responsible for writing its own mitigation plan and forwarding it to (MEMA) for approval. During that time period, your municipality would be ineligible for some pre-disaster mitigation grants.

After all the communities approve the plan, we must present it to the County Commissioners for their approval, and then send it to the Maine Emergency Management Agency (MEMA), which will forward it to FEMA. Therefore, we must receive the approval document from you by February 25, 2022.

If you would like a staff member of CCEMA to present this or answer questions to your governing body, please contact our office to schedule the date and time and we will be happy to be of assistance.

Respectfully,

Matthew Mahar
CCEMA Director
