3. Johnson, Wellington & Lois Map 75, Lots 24 & 25 9 Jones Road

   Seeking an administrative appeal to renew the variance granted in 1996. Seeking a variance for size and use to remove the existing cottage and replace it with a 24 x 16 seasonal cottage 30' from the rear line.

   DISCUSSION: Shirley Fielder spoke to represent the Johnsons. Mrs. Fielder provided a photo of the existing cottage for the Boards review and a Subsurface Waste Water Disposal System Application. Mrs. Fielder stated that a variance was originally granted in 1994. There was no one present to speak in favor or in opposition of the variance request.

   Peter Leavitt confirmed with Mrs. Fielder that all other sidelines are met.

4. Lymneos, Debra and Michael Map 42, Lot 55 161 Meadow Road

   Seeking a variance for rear setback and a lot coverage variance of 20% to allow for the addition of a two (2) car garage with a bedroom and bathroom above and a deck.

   DISCUSSION: Debra Lymneos addressed the Board stating that she had decided to change her variance request to less square footage. Mrs. Lymneos stated that she was no longer requesting a garage with bedroom above but only a 12 x 22' deck.

   There was no one present in favor or in opposition of the request.

   Peter Leavitt read into the record a letter of opposition from Paul and Terry Martel. Mr. Leavitt then stated that the letter was a moot point as the Lymneos had changed their request. Peter Leavitt summarized that if granted, a request for a 12 x 22' deck, 12' straight off the current footprint, and would grant lot coverage not to exceed 20%.

   Jim Stephenson questioned the planned location of stairs from the deck. Mrs. Lymneos responded that it had not been determined but would not go outside of the deck allowance. The setback previously granted allowed a 10' variance from the sideline.
Peter Leavitt suggested the Lymneos' engineer the deck so that it would not be 22' wide or angle the deck to maintain a 10' sideline.

**MOTION:** Stephen Swick motioned to grant the variance request for a 12 x 22' deck provided the deck is no closer than the footprint of the house up to a 20% lot coverage. Seconded by Jim Stephenson.

**VOTE:** Unanimous.

Carl Taylor, an abutter, addressed the Board requesting clarification of property lines and provided a copy of a survey for the Board's review. A discussion continued between the Board and Mr. Taylor regarding property lines. Mr. Leavitt explained that it was outside the Board's jurisdiction to settle property line disputes. Mr. Leavitt then addressed Mrs. Micklon regarding setback requirements. Ownership of the right-of-way was then discussed.

**MOTION:** Jim Stephenson motioned to grant a continuance for the consideration of the garage variance request until a survey can be completed. Peter Leavitt seconded.
