

A scenic sunset over a lake with sailboats and a dock. The sky is a mix of pink, orange, and purple, reflecting on the calm water. Several sailboats are anchored in the lake, and a dark dock is visible in the foreground. The background shows a dark, silhouetted shoreline with trees.

Discover all that Raymond Offers

Whatever the season, Raymond has it all. Enjoy the diversity of businesses and recreation including public beaches, boating, hiking, fishing, and fall foliage viewing. Winter fun includes ice-fishing, cross-country trails and easily accessed snowmobile trails. (Several maps and additional information are available online.)

Take advantage of the many recreational opportunities—or perhaps become involved in one of the several clubs and organizations. Enjoy a scheduled event or activity including youth sporting events. Events are held throughout the year; check the Events section online.

Enjoy the 1.5 mile Frog Pond Trail at Raymond Elementary School on Route 85. Or walk along Roosevelt Trail and perhaps stop for a snack or a meal, and visit some of the many shops and businesses that offer an impressive variety of merchandise and services.

A walk from Raymond Beach back to the business area is a favorite with its views of Sebago Lake. Sunset Variety is nearby and is the Raymond stop for the Explorer bus. The Explorer offers reasonably priced transportation on a regular schedule from Portland through the Lakes Region to Bridgton. (Ad on the center pages.)

Clubs and organizations include the Lions Club, Waterways Protection Association(s), Raymond Beautification Committee, historical related interest groups, and the Raymond Vitalization Committee that works in the interest of promoting Raymond's businesses.

The “Home of the Landlocked Salmon,” Raymond is located on beautiful Sebago Lake and has six other lakes and ponds within its boundaries. The town offers a uniquely peaceful and healthy living environment, yet is also an easy commute to both Portland and Lewiston-Auburn metropolitan centers.

An active and diverse business community is located along Route 302 bordered by outdoor public flower gardens and a patriotic flag display. Pedestrian-friendly sidewalks connect both Tassel Top and Raymond Beaches to the business areas.

Pedestrian-friendly sidewalks connect both Tassel Top and Raymond Beaches to the business areas.

Raymond is an all-season recreational center close to the Western Maine and New Hampshire mountain regions. Many lakes and easy access to the mountains create an ideal environment for outdoor enjoyment. Travel is enhanced by major commuter routes, which lead to other opportunities for health, arts, and business. The Town welcomes its summertime residents and guests who swell the population nearly three-fold as vacationers gravitate to Raymond to experience the way life should be!

Please visit our website to learn about volunteer opportunities and ways to get involved in our community.

Veterans Memorial Park. Designed to honor Maine's veterans and their families, Veterans Memorial Park is located on a pretty Sebago Lake inlet and small boat harbor. A public dock is available. Meticulously maintained by members of the Hawthorne Garden Club, the park offers picnic tables, as well as benches for meditation on the contributions of Maine's veterans, or to simply enjoy the vista. Veterans Memorial Park is located on Route 302 directly across from the Good Life Market (Route 85 junction).

The Hawthorne House. Nathaniel Hawthorne, the legendary 19th century author of *The Scarlet Letter* and other internationally famous works, lived here with his mother and two sisters from age nine or 10. Mrs. Hawthorne's brother built this house in "Raymondtown" around 1813. Hawthorne House hosts a Strawberry Festival in July, BBQ in August, and a Christmas party in December. The Hawthorne childhood home is located just off Route 302. For more information and directions: www.hawthorneassoc.com

The Raymond-Casco Historical Society is a charitable, educational organization with a fascinating museum on Route 302 near the Casco-Naples line. Its mission is to preserve the many found and donated objects and materials, and document their place in local history. The collection is housed in a red-color building with a magnificent mural depicting the historic Raymond steamboat dropping off passengers to be picked up by the Casco stagecoach. The building and stand out mural are easily visible from Route 302. For more information about the store and the museum: info@raymondcascohistory.org
