All three items mentioned in the Maine Municipal Assoc. Action Plan have been repaired. The power to the entrance booth has been placed in conduit and buried at a cost of \$95.00. Steve did the other repairs.

The screen on the cabin door was broken during an altercation in the cabin. The police had to be called. Several tenants wanted to use the fireplace. Donna Johnson suggested that the fire chief check it out and see what we can do to make it useable.

There are 4 large hemlock trees by the Snack shop that should be removed.
