

TOWN OF RAYMOND
Tassel Top Board of Directors Meeting
September 29, 2009

Present: Susan LaMarre, Phyliss Burnham, Wendy Thoren, Bob Metz, Nathan White, Amy Farmer

This meeting was held in the main cabin at Tassel Top Park at 6:00 P.M.

New Business:

This meeting was started with an item review of Susan's LaMarre's 2009 End of Season Report. A copy of the report has been given to all members and Town Office and should be attached to this meeting report. The items that needed attention, follow-up, or approval are as follows:

1. After discussing the possibility of building a mini golf course behind the snack shack, it was decided that Bob Metz will look into astro turf prices. Sue reports that Barry Alden and Elliot LaMarre have a plan for how to build this. A mini golf course would provide additional revenue for the snack shack.
2. Three handicapped size port-a-potties will be ordered next year, rather than two handicapped and one regular. The price difference is negligible.
3. It was decided that Nathan White will contact DOT regarding posting blue signs on Route 302 indicating the distance to the park.
4. Approval was given to change the age range for children as follows: Park patrons that are ages 2 through 10 years will be charged the "child rate."
5. Approval was given to reduce entrance fees by half for military personnel. Military personnel must present current identification.
6. Approval was given to make one or two new metal signs stating the park rules.
7. After discussing the possibility of paving the park entrance road, it was decided that Sue LaMarre look into applying for a grant for this project. She will contact the Portland Water District regarding potential grants. She will also make contact with a grant writer from the Raymond Fire Department (Julian) and Nora Lee Raymond from Raymond Waterways Conservation regarding funding options.
8. As of this meeting date, Tom Noonan had not yet contacted Ranger Sue or Bob Metz regarding the use of the park this winter for the annual fishing derby.
9. Approval was given to increase the cabin rental rate by \$100 per week for the 2010 season.
10. Approval was given to employ Susan LaMarre as Head Ranger for 2010.

The next meeting was tentatively planned for April, 2010. A specific date was not chosen.

Respectfully submitted,
Amy Farmer
